GOVERNOR'S VETOES

48

S.B. No. 301—Portantino et al.
An act relating to air pollution.
Vote required: 27

To the Members of the California State Senate:

I am returning Senate Bill 301 without my signature.

This bill would require the California Air Resources Board (CARB) to establish the Zero-Emission Aftermarket Conversion Project (ZACP) to provide an applicant with a financial rebate for converting a gasoline- or diesel-fueled vehicle into a zero-emission vehicle (ZEV).

California is showing the world what's possible - fostering innovation and creating space for an industry to flourish as the sale of ZEVs reach record highs, with over 1.8 million ZEVs now on California's roads. The state continues to invest billions of dollars in ZEV deployment and supporting infrastructure to achieve our ambitious climate and clean air goals.

While I share the author's desire to further accelerate the state's transition to ZEVs, this bill creates a new program at a time when the state faces a \$44.9 billion shortfall for the 2024–25 fiscal year. Additionally, there is no funding currently identified or available in the state budget to support this new program.

For these reasons, I cannot sign this bill.

Sincerely,

Gavin Newsom

GOVERNOR'S VETOES—Continued

49

S.B. No. 674—Gonzalez et al.

An act relating to air pollution.

Vote required: 27

To the Members of the California State Senate:

I am returning Senate Bill 674 without my signature.

This bill would make several changes to the refinery fence-line air monitoring program, including expanding the program to include monitoring for biofuel refineries and additional pollutants, applying the program to contiguous or adjacent refinery-related facilities, increasing the standards for data quality, and providing new processes for notifying local communities.

California has some of the most stringent refinery air monitoring and pollution standards in the world. These standards have been developed and implemented by the state's local air quality management districts, and each of these districts possess the authority and technical expertise to update, expand and modify these standards according to the best available science.

While I share the author's desire to protect communities from air pollution, local air quality management districts are already carrying out the necessary action to do just that. Additionally, because this bill mandates these districts to implement highly prescriptive measures, it might be found to require state reimbursement of implementation costs at a time when we just recently closed a \$44.9 billion shortfall for the 2024–25 fiscal year. There is no state funding identified or available in the state budget to support these efforts.

For these reasons, I cannot sign this bill.

Sincerely,

Gavin Newsom

UNFINISHED BUSINESS

58

S.B. No. 577—Hurtado et al.
An act relating to insurance.

Legislative Counsel’s Digest of Assembly Amendments

SB 577, as it passed the Senate, authorized the State Fire Marshal to establish and collect admission fees and other fees associated with the California Fire Service Training and Education Program, and to establish fees to implement the California Fire and Arson Training Act, as specified.

The Assembly amendments delete the contents of SB 577 and, instead, clarify that specified training provisions apply to life agents selling individual life insurance policies, and authorize service of legal process, notices, and other papers to be made in specified circumstances to the Insurance Commissioner, their deputy, or their designated agent, accompanied by a substituted service fee.

The Assembly amendments authorize the commissioner to proceed with a civil action for violation of a prohibition against employing runners and other persons to procure clients, services, or benefits under workers’ compensation coverage or a contract of insurance if the district attorney elects not to pursue the matter, eliminate a requirement for the district attorney or the commissioner to give reasons for consenting to dismissal of such an action, and clarify that a civil complaint for a violation of this prohibition is required to remain under seal for at least 60 days from the date of service on the district attorney and commissioner.

The Assembly amendments require certain first responder benefit and relief associations to renew their certificate of authority within 30 days after a change in name or address or before a merger.

The Assembly amendments exempt an enforcement action brought in the name of the people of the State of California by the commissioner from specified procedures for a special motion to strike in a civil cause of action arising from an act in furtherance of a person’s right of petition or free speech and for offers to compromise before commencement of a civil trial or arbitration.

S.B. No. 1369—Limón.

An act relating to health care coverage.

Legislative Counsel’s Digest of Assembly Amendments

SB 1369, as it passed the Senate, required a health care service plan contract or health insurance policy issued, amended, or renewed on and after January 1, 2025, that provides payment directly or through a contracted vendor to a dental provider to have a non-fee-based default method of payment, required a plan, insurer, or contracted vendor to obtain a signed authorization or electronic signature from a dental provider opting in to a fee-based payment method before the plan, insurer, or vendor provides a fee-based payment method to the provider, and authorized the dental provider to opt out of the fee-based payment method at any time by providing written or electronic authorization to the plan, insurer, or vendor.

The Assembly amendments delay these requirements until April 1, 2025, specifically require written authorization, as defined, and require a plan, insurer, or vendor that obtains written authorization to opt in or opt out of fee-based payment to apply the decision to include both the dental provider’s entire practice and all products or services covered pursuant to a contract with the dental provider.

S.B. No. 336—Umberg.

An act relating to state grants.

Legislative Counsel’s Digest of Assembly Amendments

SB 336, as it passed the Senate, required a state agency or other state entity administering a state grant program, as defined, to use, for grants awarded to a nonprofit grantee on or after October 1, 2024, one of specified methods selected by the nonprofit grantee for reimbursement of direct and indirect costs. SB 336, as it passed the Senate, required the Department of General Services to establish, by July 1, 2024, a process by which nonprofits may negotiate a state standard negotiated cost agreement, as defined, for state grants awarded on or after October 1, 2024.

The Assembly amendments recast these provisions to instead require, when awarding a grant, a state agency administering a grant program, as described, to reimburse the grantee’s indirect costs at one of specified rates, as requested by the grantee, if the grantee disclosed the requested rate amount in their grant program application. The Assembly amendments provide any applicant for a grant administered by a state agency to opt, when applying for the grant, to be reimbursed for those indirect costs. The Assembly amendments set forth parameters for the establishment of indirect cost pools, if necessary.

S.B. No. 689—Blakespear.

An act relating to coastal resources.

Legislative Counsel’s Digest of Assembly Amendments

SB 689, as it passed the Senate, provided that an application by a local government to convert an existing motorized vehicle travel lane into a dedicated bicycle lane shall not require a traffic study for the processing of either a coastal development permit or an amendment to a local coastal program. SB 689, as it passed the Senate, required, if a proposal to create a dedicated bicycle lane within the developed portion of an existing right-of-way requires an amendment to a local coastal program, the amendment be processed according to specified law, if the executive director of the California Coastal Commission makes specified determinations.

The Assembly amendments would add dedicated transit lanes and pedestrian walkways as items that are part of an application by a local government to convert an existing motorized vehicle travel lane that would not require a traffic study for the processing of either a coastal development permit or an amendment to a local coastal program. The Assembly amendments would instead require, if a proposal to convert an existing motorized vehicle travel lane into a dedicated bicycle lane, dedicated transit lane, or a pedestrian walkway within the developed portion of an existing road right-of-way requires an amendment to a local coastal program, that the amendment be processed in accordance with the procedures applicable to de minimus local coastal program amendments if the executive director of the California Coastal Commission makes specified determinations.

SB 909, as it passed the Assembly, removed the maximum limit for loan repayments provided to a Steven M. Thompson Physician Corps Loan Repayment Program participant who has completed 3 consecutive years of providing services as a physician in a medically underserved area.

The Senate amendments additionally remove the requirement for the Department of Health Care Access and Information to establish an advisory committee on the above-described program, update the definition of the practice setting in which a physician or surgeon may practice for purposes of the program, decrease the service obligation of the program to 2 years in a medically underserved area, and authorize the department to award funds to applicants from additional specialties using separate funds.

SB 1022, as it passed the Senate, made various changes related to unlawful practice enforcement proceedings under the California Fair Employment and Housing Act, including changes to Section 12926 of the Government Code.

The Assembly amendments make nonsubstantive changes to incorporate additional changes to Section 12926 of the Government Code proposed by SB 1137 and AB 1815 to be operative only if SB 1022 and SB 1137 or AB 1815, or all three bills, are enacted and SB 1022 is enacted last.

S.B. No. 1137—Smallwood-Cuevas et al.
An act relating to discrimination.

Legislative Counsel’s Digest of Assembly Amendments

SB 1137, as it passed the Senate, revised a definition within the Unruh Civil Rights Act of “sex, race, color, religion, ancestry, national origin, disability, medical condition, genetic information, marital status, sexual orientation, citizenship, primary language, or immigration status” to include any intersection or combination of those characteristics. SB 1137, as it passed the Senate, also revised a definition within educational equity provisions of “disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, or any other characteristic that is contained in the definition of hate crimes” to include any intersection or combination of those characteristics. SB 1137, as it passed the Senate, additionally revised a definition within the California Fair Employment and Housing Act on “race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, age, sexual orientation, reproductive health decisionmaking, or veteran or military status” to include any intersection or combination of those characteristics.

The Assembly amendments delete references to “intersection” within the above provisions. The Assembly amendments incorporate additional changes to Section 51 of the Civil Code proposed by AB 1815 to be operative only if this bill and AB 1815 are enacted and this bill is enacted last. The Assembly amendments also incorporate additional changes to Section 12926 of the Government Code proposed by AB 1815 and SB 1022 to be operative only if this bill and either or both of those bills are enacted and this bill is enacted last. The Assembly amendments also add an additional coauthor.

S.B. No. 1210—Skinner.

An act relating to utility service.

Legislative Counsel’s Digest of Assembly Amendments

SB 1210, as it passed the Senate, required each utility, as defined, to publicly post on its internet website, among other things, the schedule of fees for a service connection, capacity, or other point of connection charge for new housing construction and by housing development type, and exempted from that requirement an independent special district that does not maintain an internet website due to hardship, as specified.

The Assembly amendments instead require each utility to publicly post on its internet website a schedule of estimated fees for typical service connections for new housing construction and by housing development type, exempt from that requirement a utility with fewer than 4,000 service connections that does not establish or maintain an internet website due to a hardship, and authorize a utility to establish that a hardship exists by taking specified actions.

The Assembly amendments instead place the above requirements on an electrical utility, authorize the mosquito abatement district or vector control district or city or county health department to seek a vector management agreement with an electrical utility only if efforts to obtain a voluntary cooperation agreement from the electrical utility have failed, and require the above agreement to specify a reasonable time for the electrical utility to provide supervised access to its electrical vaults.

S.B. No. 1357—Wahab.

An act relating to housing.

Legislative Counsel’s Digest of Assembly Amendments

SB 1357, as it passed the Senate, required the Housing Authority of the County of Alameda to, by January 1, 2026, conduct an evaluation and review of its internet website to, among other things, ensure high visibility of information regarding the administration of housing programs, including COVID-19 HUD policy waivers. SB 1357, as it passed the Senate, required the authority to, by March 31 of each year, develop and post on its internet website a data-driven annual report for the preceding calendar year that includes certain information, including data regarding the effectiveness of the programs administered by the authority and data regarding properties managed by the authority.

The Assembly amendments remove the reference to the COVID-19 HUD policy waiver. The Assembly amendments require the authority to develop and post the report by September 30 of each year for the preceding fiscal year, rather than March 31 for the preceding calendar year. The Assembly amendments make various changes to the information regarding the effectiveness of the programs administered by the authority. The Assembly amendments remove the requirement to include data regarding properties managed by the authority from the report.

68

S.B. No. 1458—Allen.

An act relating to estates.

Legislative Counsel's Digest of Assembly Amendments

SB 1458, as it passed the Senate, defined “agent” for purposes of the Revised Uniform Fiduciary Access to Digital Assets Act to mean an attorney-in-fact granted authority under a durable or nondurable power of attorney. SB 1458, as it passed the Senate, authorized the court to grant a conservator access to the digital assets of a conservatee after an opportunity for a hearing. SB 1458, as it passed the Senate, authorized a conservator with general authority to manage the assets of a conservatee to request a custodian of the conservatee’s digital assets to suspend the conservatee’s account for good cause. SB 1458, as it passed the Senate, authorized a fiduciary of a user to request that a custodian terminate the user’s account.

The Assembly amendments clarify that an “agent,” for these purposes, is an attorney-in-fact who is granted authority over financial matters under a durable or nondurable power of attorney. The Assembly amendments require the hearing to grant a conservator access to the digital assets of a conservatee to be noticed. The Assembly amendments delete the authorization to request a custodian suspend the conservatee’s account. The Assembly amendments make the Revised Uniform Fiduciary Access to Digital Assets Act subject to specific provisions of law that enumerate the powers and duties of a guardian or conservator. The Assembly amendments authorize an affiant to request that a custodian terminate a user’s account and specify that a request to terminate a conservatee’s account requires a court order authorizing the termination.

SPECIAL CONSENT CALENDAR #46

To be taken up Thursday, August 22, 2024

561

S.B. No. 357—Portantino et al.
An act relating to vehicles.

Legislative Counsel's Digest of Assembly Amendments

SB 357, as it passed the Senate, deleted existing law requiring physicians and surgeons to report disorders characterized by lapses of consciousness to local health officers, who in turn would provide that information to the Department of Motor Vehicles. SB 357, as it passed the Senate, instead authorized reporting by physicians and surgeons of medical conditions to the department and required the department to consult with organizations with specified expertise to guide this discretionary reporting process, until January 1, 2029, before reverting to clarified mandatory reporting. SB 357, as it passed the Senate, also required reporting from the department to the Legislature on the effect of discretionary reporting by January 1, 2027.

The Assembly amendments further revise the discretionary reporting requirements by including any condition severe enough to impair operation of a motor vehicle, creating mandatory reporting specifically for patients diagnosed with Alzheimer's disease or related disorders, and delaying implementation of the discretionary reporting system until January 1, 2030, before reverting to the clarified mandatory reporting by physicians and surgeons on January 1, 2037. The Assembly amendments also delete the requirement that the department consult with organizations with certain expertise in guiding the discretionary reporting process, and do not require the department to report on the effects of discretionary reporting until January 1, 2035.

Vote: 21. Substantial substantive change: yes.

S.B. No. 56—Skinner.

An act relating to public contracts.

Legislative Counsel’s Digest of Assembly Amendments

SB 56, as it passed the Senate, created an exemption from certain contract publication and award procedures otherwise applicable to the sale of certain University of California real property. Specifically, SB 56, as it passed the Senate, made the exemption applicable to the transfer of specified real property in the City of Berkeley from the Regents of the University of California to the Berkeley Student Cooperative for the purpose of maintaining affordable student housing for the students of the University of California. SB 56, as it passed the Senate, made legislative findings that a special statute is necessary because of the unique need to maintain affordable student housing for the students of the University of California that is provided by the Berkeley Students Cooperative.

The Assembly amendments revise the exemption by including additional identifying information for the property and by broadening the purpose of the transfer to maintaining affordable housing, regardless of whether it is student housing. The Assembly amendments revise the stated reason for the special statute to be the unique need to maintain affordable housing that is provided by the Berkeley Student Cooperative. The Assembly amendments add a requirement that the Regents of the University of California reserve a right of reverter if the property ceases to be used for affordable housing by the Berkeley Student Cooperative and its successors or assigns.

Vote: 21. Substantial substantive change: yes.

S.B. No. 939—Umberg.

An act relating to educational equity.

Legislative Counsel’s Digest of Assembly Amendments

SB 939, as it passed the Senate, among other things, required the State Department of Education to, as part of its regular monitoring and review of a local educational agency, assess whether the local educational agency has provided information on existing schoolsite and community resources related to the support of neurodivergent pupils.

The Assembly amendments delete the requirement for the department to make that assessment.

SB 939, as it passed the Senate, also required the Superintendent of Public Instruction to provide to each school district, county office of education, and charter school a list of resources that provide support for youth, and their families, who have been subjected to school-based discrimination, harassment, intimidation, or bullying on the basis of neurodiversity or perceived neurodiversity.

The Assembly amendments require the Superintendent to notify local educational agencies of the availability of the above-mentioned resources rather than provide them.

The Assembly amendments, instead, on and after January 1, 2026, include within the definition of remote interest the interest of a public officer if the public officer’s child is an officer or director of, or has an ownership interest of 10% or more in, a party to a contract entered into by the body or board of which the officer is a member, if this information is actually known to the public officer.

An act relating to food and agriculture.

Legislative Counsel’s Digest of Assembly Amendments

SB 1117, as it passed the Senate, among other things, provided that the Secretary of Food and Agriculture is entitled to receive reimbursement from any organic operation or person required to register with the Department of Food and Agriculture that is found in violation of the California Organic Food and Farming Act for any reasonable attorney’s fees and other related costs, including, but not limited to, investigative costs, involved in the enforcement of the act.

The Assembly amendments instead provide that the secretary is entitled to receive the above-described reimbursement from any organic operation or person that is found in violation of the act.

Vote: 21. Substantial substantive change: yes.

S.B. No. 1156—Hurtado et al.

An act relating to the Political Reform Act of 1974.

Legislative Counsel’s Digest of Assembly Amendments

SB 1156, as it passed the Senate, required members of the executive team, board of directors, and other groundwater management decision makers of a groundwater sustainability agency to file statements of economic interests with the Fair Political Practices Commission, and required the commission to establish guidelines and procedures for the submission and review of the statements.

The Assembly amendments instead require members of the board of directors and the executive, as defined, of a groundwater sustainability agency to file statements of economic interests, with the Fair Political Practices Commission using the Commission’s online system for filing statements of economic interests. The Assembly amendments also delete the requirement that the commission establish guidelines and procedures for the submission and review of the statements.

Vote: 27. Substantial substantive change: yes.

S.B. No. 1195—Limón.

An act relating to assessments.

Legislative Counsel’s Digest of Assembly Amendments

SB 1195, as it passed the Senate, required each school district, county office of education, and charter school that operates a block schedule to request the College Board to provide an alternative testing date at the end of the fall semester for pupils whose advanced placement courses conclude in the fall semester, while maintaining the option for those pupils to take the advanced placement examination for those courses during the spring semester, at the discretion of the pupil.

The Assembly amendments require the State Department of Education to (1) make that request instead, (2) make the request on behalf of all pupils in California instead of only those pupils whose local educational agency operates a block schedule, and (3) make the request on or before February 1, 2025.

Vote: 21. Substantial substantive change: yes.
