S.B. No. 499—Stern.

An act relating to land use.

Legislative Counsel's Digest of Assembly Amendments

SB 499, as it passed the Senate, revised a provision of the Mitigation Fee Act that allows a local agency to require the payment of fees or charges on designated residential developments before the first certificate of occupancy is issued if the fees or charges are for the construction of public improvements or facilities related to providing fire, public safety, and emergency services. Specifically, SB 499, as it passed the Senate, specified that those public improvements or facilities include parkland and recreational facilities identified in the local agency's safety element for an emergency purpose, as specified. SB 499, as it passed the Senate, authorized a local agency to use a local hazard mitigation plan in lieu of a safety element for this purpose until January 1, 2031.

The Assembly amendments remove the January 1, 2031, expiration on the authority to use a local hazard mitigation plan for that purpose. The Assembly amendments also require the fees or charges on designated residential developments, as specified, to be consistent with an existing provision of law prohibiting a local agency from imposing fees or charges for water or sewer connections that exceed the estimated reasonable cost for providing the service for which the fee or charge is imposed, except as specified. The Assembly amendments additionally authorize a local agency to collect utility service charges related to connections at the time an application for service is received, as specified.

The Assembly amendments also update Section 66007 of the Government Code to include the latest amended form of that section as a result of the enactment of AB 121, which took effect immediately.

An act relating to elections.

Legislative Counsel's Digest of Assembly Amendments

SB 3, as it passed the Senate, among other things, required the Secretary of State to publish on their internet website a standard form for a signature verification statement or unsigned identification envelope statement, and required an elections official to only accept the standard form or a form developed by an elections official meeting the same requirements. SB 3, as it passed the Senate, required an elections official to post the regulations or procedures used on their internet website if the regulations or procedures differed from those promulgated by the Secretary of State.

The Assembly amendments instead require the Secretary of State to publish on their internet website a single, combined vote by mail ballot signature verification statement and unsigned ballot identification envelope statement and require an elections official to accept a form for a signature verification statement or unsigned ballot identification envelope statement if the form was developed by the Secretary of State or an elections official. The Assembly amendments prohibit an elections official from accepting a form developed by any other individual, organization, or entity. The Assembly amendments delete the requirement for an elections official to post regulations or procedures that differ from those promulgated by the Secretary of State on their internet website. The Assembly amendments make nonsubstantive changes to address chaptering conflicts with AB 827 and AB 16.

SB 39, as it passed the Senate, declared that it is to take effect immediately as an urgency statute.

The Assembly amendments instead delay the commencement of the prohibitions described above for vaginal suppository products until January 1, 2035. The Assembly amendments require, beginning on January 1, 2027, any vaginal suppository product containing boric acid to include a specified product label. The Assembly amendments also exempt a vaginal suppository product from the prohibition and labeling requirement described above if the product becomes regulated by the United States Food and Drug Administration.

Legislative Counsel's Digest of Assembly Amendments

SB 236, as it passed the Senate, prohibited, commencing January 1, 2030, a person from manufacturing, distributing, selling, or offering for sale in the state any hair relaxer product that contains specified ingredients and required a manufacturer of hair relaxer products to register with the Department of Toxic Substances Control, on or before July 1, 2030, and to provide to the department specified information and a registration fee.

The Assembly amendments remove the delayed operation of the prohibitions described above and remove the requirement for a manufacturer of hair relaxer products to register with the department or pay a registration fee.

SB 236, as it passed the Senate, required the department to, on or before January 1, 2028, publish on its internet website a list of accepted testing methods for the testing of the ingredients described above.

The Assembly amendments instead authorize the department to publish on its internet website a list of accepted testing methods for the testing of hair relaxer products for the presence of the ingredients described above.

SB 236, as it passed the Senate, created the C.U.R.L. Act Fund, required all moneys collected from penalties to be deposited in the fund, and authorized the department to create the C.U.R.L. Act Registration Fee Account within the fund.

The Assembly amendments remove the authorization to create the registration fee account.

The Assembly amendments require testing to be conducted by the department or other monitoring programs in the Cal-SuWers network. The Assembly amendments distinguish the term "Cal-SuWers network" from "Cal-SuWers program" by defining "Cal-SuWers program" to mean the wastewater surveillance program administered by the department, in coordination with local health departments and wastewater utilities, with laboratory analysis performed at the department or through contracts with qualified laboratories, and revising "Cal-SuWers network" to mean the statewide wastewater surveillance program administered by the department that includes both data from the Cal-SuWers program and data generated by and received from participating wastewater programs not administered by the department.

An act relating to special education.

Legislative Counsel's Digest of Assembly Amendments

SB 373, as it passed the Senate, among other things, required the Superintendent of Public Instruction, before certifying a nonpublic, nonsectarian school or agency for purposes of providing special education and related services, to take specified actions, including, among other things, to review policies on restraint and isolation to evaluate consistency with California laws.

The Assembly amendments revise the above-described requirements, apply those requirements commencing with the 2026–27 school year, and apply them only to the certification of a nonpublic, nonsectarian school that is located outside of California.

SB 373, as it passed the Senate, among other things, required the annual, onsite monitoring visit to a nonpublic, nonsectarian school conducted by a local educational agency that maintains a master contract with the school and has a pupil attending the school to include an in-person, private meeting with the pupil to evaluate their health and safety.

The Assembly amendments instead require the monitoring visit to include, for a pupil placed in a nonpublic, nonsectarian school located outside of California, an in-person interview with the pupil, in a manner consistent with their individualized education program (IEP), to evaluate their health and safety.

The Assembly amendments impose additional requirements on the Superintendent related to nonpublic, nonsectarian schools located outside of California, including, among others, requirements to interview, during an onsite review, all pupils with IEPs to discuss progress and address any concerns respecting any limitations due to the pupils' disabilities, to develop a tool for purposes of the interviews by July 1, 2026, and to make available, commencing with the 2026–27 school year, upon request from a local educational agency or special education local plan area, specified information and documentation relating to certification. The Assembly amendments also require a local educational agency to disclose the information received, if available, to the parent or guardian at the time the IEP team considers placement of the pupil in a nonpublic, nonsectarian school or agency, as specified.

The Assembly amendments, for purposes of the prohibition under existing law on a person employed by or engaged in a public school from inflicting, or causing to be inflicted, corporal punishment upon a pupil, define "public school" to include,

SB 516, as it passed the Senate, authorized an affected taxing entity located entirely, or in part, in the County of Sacramento to opt in to the district.

The Assembly amendments additionally specify that a district is not prohibited from utilizing state funds to support its activities if the district obtains voter approval, as applicable, and the infrastructure financing plan is approved. The Assembly amendments also specify that the California Capital City Downtown Revitalization District may accept state funds, as provided. The Assembly amendments also incorporate additional changes to Section 53398.75 of the Government Code proposed by SB 5 to be operative only if SB 516 and SB 5 are enacted and SB 516 is enacted last.

SB 524, as it passed the Senate, required any program used to generate a draft, interim, or final report to maintain an audit trail that identifies, among other things, the person who made any changes to a report.

The Assembly amendments require the above-described identification to be made in a manner that makes the identification readily apparent to the reader. The Assembly amendments prohibit a draft of any report created with the use of artificial intelligence from constituting an officer's statement, except for the official report. The Assembly amendments instead require the agency utilizing artificial intelligence to generate a first draft or official report to maintain an audit trail for as long as the official report is retained. The Assembly amendments delete the requirement that the audit trail identifies the person who made any changes to a report. The Assembly amendments prohibit a contracted vendor from sharing, selling, or otherwise using information provided by a law enforcement agency to be processed by artificial intelligence, except as provided. SB 568, as it passed the Senate, revised and recasted provisions relating to requiring school districts, county offices of education, and charter schools to provide emergency epinephrine auto-injectors to school nurses or trained personnel who have volunteered to provide emergency medical aid to persons suffering, or reasonably believed to be suffering, from an anaphylactic reaction by, among other things, requiring those entities to provide emergency epinephrine delivery systems, instead of auto-injectors, as provided, to be stored at each public school, as defined, to include any program operated by or under contract with a school district, county office of education, or charter school. SB 568, as it passed the Senate, also made conforming changes, including, among other changes, authorizing a pharmacy to furnish epinephrine delivery systems, instead of auto-injectors, to those entities, as provided.

The Assembly amendments (1) change the references to those entities to instead reference local educational agencies, defined to mean a school operated by a school district, county office of education, or charter school, (2) require the emergency epinephrine delivery systems to instead be stored at each schoolsite, including at any state or federally subsidized childcare program, as defined, operated by or under contract with the local educational agency, and (3) expand the definitions of volunteer and trained personnel to include certain employees of a childcare program operated by or under contract with a local educational agency. SB 595, as it passed the Senate, beginning January 1, 2031, authorized those local agencies to invest no more than 25% of their moneys in eligible commercial paper, as specified, regardless of the amount of investment assets they have under management.

The Assembly amendments require the eligible commercial paper described above to have a maximum maturity of 397 days or less.

SB 595, as it passed the Senate, required an officer of a local agency who fails or refuses to make and file certain financial reports within 10 months after the end of the local agency's fiscal year to forfeit to the state a specified amount depending on the amount of total revenue of that local agency.

The Assembly amendments instead require that forfeiture if the officer fails or refuses to make and file their financial report within 10 months after the end of the local agency's fiscal year, or within the time prescribed by the Controller, whichever is later.

SB 748, as it passed the Senate, additionally included as a purpose of the Encampment Resolution Funding program assisting local jurisdictions that are urban communities within a county with operating safe parking sites while locating interim or permanent housing.

The Assembly amendments instead, for additional rounds moneys, defined as moneys appropriated for the program in or after the 2021–22 fiscal year, require that an applicant include in an application for a program grant specified information about safe parking sites, when specified, in addition to the description of how the applicant intends to use the funds to connect all individuals living in encampments to services and housing.

SB 748, as it passed the Senate, required the Department of Housing and Community Development to report to the chairs of certain Senate and Assembly committees on the funding distributed for each of the program's purposes, as specified.

The Assembly amendments remove this requirement and additionally repeal the requirement that the department report to the chairs of the relevant fiscal and policy committees of the Legislature on the outcomes, learnings, and best practices models identified through the program, as specified. The Assembly amendments require the department to report, in the annual report to the Governor and both houses of the Legislature on the operations and accomplishments during the previous fiscal year of the housing programs administered by the department, a summary of the data elements, as described. The Assembly amendments require the department to evaluate the data and outcomes reported by the department in the annual report, instead of reported by recipients, to assess the efficacy of programs and identify scalable best practices for encampment resolution that can be replicated across the state.

SB 748, as it passed the Senate, made related findings and declarations.

The Assembly amendments make the requirement to maintain this coverage solely the obligation of the transportation network company. The Assembly amendments also reduce the amount of this coverage required for those circumstances from $1,000,000 to $60,000 per person and $300,000 per incident.

SB 371, as it passed the Senate, required the Public Utilities Commission's annual report to the Legislature that is due on or before February 1, 2026, to contain certain additional information with regard to automobile accidents reported to the commission by transportation network companies.

The Assembly amendments revise that additional information required to be contained in that report and require the commission's annual report to the Legislature that is due on or before February 1, 2027, to specify the average transportation network company rider fare paid during certain time periods, as provided. The Assembly amendments also require the commission and the Department of Insurance to collaborate on a study of the impacts of the requirements established for uninsured motorist coverage and underinsured motorist coverage for transportation network company rides and to report the findings of that study to certain committees of the Legislature on or before December 31, 2030, as specified.

SB 283, as it passed the Senate, required the State Energy Resources Conservation and Development Commission and the State Fire Marshal to review and consider the most recently published edition of the National Fire Protection Association (NFPA) 855, Standard for the Installation of Stationary Energy Storage Systems, for incorporation into the next update of the California Building Standards Code. SB 283, as it passed the Senate, prohibited the commission or a local jurisdiction from certifying certain energy storage systems unless certain requirements are satisfied, including that the energy storage system be inspected by the local fire department or a representative or designee of the State Fire Marshal, as specified. SB 283, as it passed the Senate, authorized the state or a local jurisdiction to only approve the construction of an energy storage management system with over 600 kilowatthours of storage capacity if it is located in a noncombustible, dedicated-use building or is a remote outdoor installation.

The Assembly amendments, among other changes, define additional terms for purposes of the bill and make the provisions of the bill applicable to energy storage systems, rather than energy storage management systems. The Assembly amendments require the commission and the State Fire Marshal to instead adopt provisions that are at least as protective as, rather than review and consider, the standard in the next update of the California Building Standards Code. The Assembly amendments additionally require that the inspector be provided with a copy of the documentation of the initial fire official consultation submitted with the application. The Assembly amendments limit the certification requirements for an application submitted to the commission or a local jurisdiction applicable to applications submitted after January 1, 2026, and instead authorize the state or a local jurisdiction to only approve the construction of an energy storage system if it is located in a dedicated-use, noncombustible building or is an outdoor installation. The Assembly amendments provide that these provisions do not prevent a local jurisdiction from adopting and enforcing laws consistent with, or more protective than, the provisions of the bill.

66

S.B. No. 482—Weber Pierson.
An act relating to state government.

Legislative Counsel's Digest of Assembly Amendments

SB 482, as it passed the Senate, required, no more than 90 days after each general election, the governing body of each city, county, or city and county, or their delegated local entity, to submit to the Secretary of State an updated list of local elected or appointed officials for publication in a roster of state and local public officials of California.

The Assembly amendments, instead, require the above-described list to be submitted no more than 120 days after each general election.

Vote: 21. Substantial substantive change: yes.

68

S.B. No. 486—Cabaldon.

An act relating to land use.

Legislative Counsel's Digest of Assembly Amendments

SB 486, as it passed the Senate, made various changes to land use planning law relating to changing enrollment levels at institutions of higher education. Among other things, SB 486 exempted from the California Environmental Quality Act (CEQA) specified determinations by institutions of higher education relating to the development of a housing element of a general plan. SB 486, as it passed the Senate, also exempted the University of California and the California State University from a requirement to conduct a "no project" alternative analysis in an environmental impact report (EIR), supplemental EIR, addendum, master plan, or long-range development plan if specified conditions are met.

The Assembly amendments delete the housing element CEQA exemption and narrow the "no project" alternative analysis exemption to apply only to an EIR, supplemental EIR, or an addendum for a project, and only if the project is necessary to achieve the campus's share of enrollment goals, as specified. The Assembly amendments make other changes necessary to reflect recently enacted legislation.

S.B. No. 533—Richardson.

An act relating to transportation electrification.

Legislative Counsel's Digest of Assembly Amendments

SB 533, as it passed the Senate, authorized the use of a previously prohibited payment option for electric vehicle charging services by authorizing a charging station to require the use of an internet-based application if the charging station is on the premises of a facility that can only be accessed through the use of that internet-based application.

The Assembly amendments would limit that authorization to a charging station at an arena that has a seating capacity of at least 15,000 seats, rather than on the premises of any facility.

S.B. No. 634—Pérez et al.
An act relating to local government.

Legislative Counsel's Digest of Assembly Amendments

SB 634, as it passed the Senate, prohibited a local jurisdiction from adopting a local ordinance, or enforcing an existing ordinance, that prohibits a person or organization from providing support services to a person who is homeless or assisting a person who is homeless with any act related to basic survival. SB 634, as it passed the Senate, defined an "act related to basic survival" to include, but not limit, the provision or possession of life saving or sustaining materials, eating or drinking, possessing and utilizing blankets or pillows, seeking shade, or other activities to protect oneself from the elements.

The Assembly amendments instead define an "act related to basic survival" to include, but not limit, assisting with or providing items to assist with eating and drinking, including provision of food and water, sleeping, including provision of blankets and pillows, protecting oneself from the elements, and other activities and items necessary for immediate personal health and hygiene. The Assembly amendments also define "support services" to include nonhousing services, as described, and add coauthors.

230

S.B. No. 227—Grayson et al.

An act relating to local government, and declaring the urgency thereof, to take effect immediately.

Legislative Counsel's Digest of Assembly Amendments

SB 227, as it passed the Senate, among other things, made changes to the membership of the board of directors of the Green Empowerment Zone for the Northern Waterfront area of the County of Contra Costa.

The Assembly amendments, in addition to those changes, remove the director representing the State Air Resources Board from the board of directors. The Assembly amendments also revise the term limits for the chair and deputy directors of the board by eliminating the prohibition against serving consecutive terms and, instead, authorizing the chair and deputy directors to be re-selected by a majority vote of the board for up to 3 additional terms.

Vote: 27. Substantial substantive change: yes.

(Final vote in the Senate: AYES—39. NOES—0.)

S.B. No. 686—Reyes et al.

An act relating to housing.

Legislative Counsel's Digest of Assembly Amendments

SB 686, as it passed the Senate, revised and recast various provisions relating to housing financing and development, including authorizing the Department of Housing and Community Development to approve the payoff of a department loan in whole or part before the end of its term and to waive specified requirements in prescribed regulatory agreements, as provided. SB 686, as it passed the Senate, also defined a term for those purposes as well as the No Place Like Home Program.

The Assembly amendments delete those provisions and, instead, require the department to allow property owners subject to a regulatory agreement with the department to take out additional debt on the development if any extracted equity, as defined, is utilized for specified purposes.

Vote: 21. Substantial substantive change: yes.

(Final vote in the Senate: AYES—38. NOES—0.)

SPECIAL CONSENT CALENDAR #18—Continued

To be taken up Thursday, September 11, 2025—Continued

235

S.B. No. 255—Seyarto.

An act relating to local government.

Legislative Counsel's Digest of Assembly Amendments

SB 255, as it passed the Senate, required each county within the state, on or before January 1, 2027, to establish a recorder notification program in accordance with certain requirements, including authorizing a recorder, as a condition of recording, to require that a deed, quitclaim deed, mortgage, or deed of trust indicate the assessor's identification number or numbers that fully contain all, or a portion of, the real property described in the legal description, as specified.

The Assembly amendments require the board of supervisors of each county to adopt an authorizing resolution for purposes of the program described above. The Assembly amendments also require, if assessor's identification numbers are required, those numbers to be listed on the first page of the document, and authorize the recorder to rely on the assessor's identification numbers as indicated on the document.

SB 255, as it passed the Senate, authorized the board of supervisors to authorize the county recorder to collect, in addition to any other recording fee, a fee from the party filing a deed, quitclaim deed, mortgage, or deed of trust for the cost of implementing the recorder notification program subject to certain requirements, including that the fee does not exceed the reasonable regulatory costs to the county to comply with the requirements.

The Assembly amendments instead prohibit the fee described above from exceeding the reasonable costs of service of the county to provide a recorder notification and to comply with the requirements.

236

S.B. No. 466—Caballero et al.
An act relating to drinking water.

Legislative Counsel's Digest of Assembly Amendments

SB 466, as it passed the Senate, prohibited a public water system that meets the total chromium maximum contaminant level (MCL) enforceable standard for drinking water in California from being held liable in any civil action brought by an individual or entity that is not a governmental agency related to hexavalent chromium in drinking water while implementing and in compliance with a state board-approved hexavalent chromium MCL compliance plan, or during the period between when it has submitted a hexavalent chromium MCL compliance plan for approval to the state board and action on the proposed compliance plan by the state board is pending, except as specified.

The Assembly amendments instead prohibit a public water system that meets the total chromium MCL enforceable standard for drinking water in California from being determined, held, considered, or otherwise deemed in violation of the primary drinking water standard for hexavalent chromium while implementing a state board-approved compliance plan or while state board action on the proposed and submitted compliance plan is pending, except as provided.
