An act relating to local government.

Legislative Counsel’s Digest of Assembly Amendments

SB 1438, as it passed the Senate, revised and recast provisions regulating investment of public funds by specified local agencies to, among other things, authorize investment in commercial paper issued by an entity organized as a federally or state-chartered bank or a federally or state-licensed branch of a foreign bank and in senior unsecured unsubordinated obligations issued or unconditionally guaranteed by the Inter-American Investment Corporation. SB 1438, as it passed the Senate, removed the January 1, 2031, sunset date for investments in United States-issued securities in a period of negative market interest rates, thereby extending that exception indefinitely. SB 1438, as it passed the Senate, also revised and recast provisions that impose various limits on local government investment in commercial paper and removed the January 1, 2031, reduction of the maximum investment to 25% of total investment for certain local governments and agencies with \$100,000,000 or more in investment assets. For a county, city and county, or local agency that pools money in deposits or investments with other agencies, SB 1438, as it passed the Senate, authorized an eligible bank headquartered outside the state to submit letters of credit drawn on its regional federal home loan bank.

The Assembly amendments make nonsubstantive changes to the above-described provisions, including updating cross-references.

S.B. No. 1088—Blakespear.

An act relating to health care.

Legislative Counsel's Digest of Assembly Amendments

SB 1088, as it passed the Senate, replaced the term “Physician Orders for Life Sustaining Treatment” with “POLST” or “Portable Orders Listing Scope of Treatment” and authorized a request regarding resuscitative measures to be entered into by an individual with capacity or a health care agent, conservator, or surrogate, as defined, and a physician, nurse practitioner, or physician assistant acting under the supervision of the physician. SB 1088, as it passed the Senate, required the POLST document to contain the date on which it was signed by the health care provider and the patient or their health care agent, conservator, or surrogate but clarified that the failure to include this date would not invalidate an otherwise valid POLST form and specified that a dated POLST form should be treated as more recent than an undated POLST.

The Assembly amendments removed the requirements relating to having the date on the POLST form. The Assembly amendments also require a conservator signing a request regarding resuscitative measures to have health care decisionmaking authority and authorize additional categories of nurse practitioner to sign the document.

The Assembly amendments delay the commencement of that prohibition to January 1, 2028, and authorize a public library to require a parent's or guardian's consent or signature for the issuance of a library card to a California resident who is 16 or 17 years of age unless the minor is emancipated.

Legislative Counsel's Digest of Assembly Amendments

SB 503, as it passed the Senate required developers of patient care decision support tools, as defined, and health facilities, clinics, physician's offices, or offices of a group practice to make reasonable efforts to identify uses of patient care decision support tools in health programs or activities that employ input variables or factors that measure a protected characteristic. SB 503, as it passed the Senate also required developers to ensure that patient care decision support tools are tested for biased impacts in the outputs produced by the tool at least every 3 years.

The Assembly amendments, instead, require developers and deployers to make reasonable efforts to identify artificial intelligence systems used to support clinical decision making or health care resource allocation that are known or have a reasonably foreseeable risk of biased in the system's outputs resulting from use of the system in health programs or activities. The Assembly amendments require developers and deployers to make reasonable efforts to mitigate risk for biased impacts in the system's outputs, as specified, and beginning January 1, 2027, require developers to provide a report identifying compliance efforts with the above-described provisions to the department before making an artificial intelligence system commercially or publicly available to a deployer, as specified. The Assembly amendments also require deployers, beginning January 1, 2027, to annually provide the State Department of Public Health with a report identifying their efforts to comply with identification, mitigation, and monitoring requirements established pursuant to these provisions.

SB 742, as it passed the Senate, defined “permanently abandoned transmission facility” to mean a transmission facility that is out of service and the owner cannot demonstrate, with appropriate documentation, an intent to place the facility, or portions of the facility, into service within a time determined by the commission.
