Digest of Assembly Amendments Pending

(Final vote in the Senate: AYES—30. NOES—9.)

2026

Aug. 31—In Senate. Concurrence in Assembly amendments pending.

93

S.B. No. 878—Pérez et al.

An act relating to insurance.

Legislative Counsel's Digest of Assembly Amendments

SB 878, as it passed the Senate, codified, with respect to fire insurance claims, certain regulations that prescribe specified deadlines by which an insurer is required to respond to a notice of claim, accept or deny a claim, and tender payment or otherwise take action to perform its obligation.

The Assembly amendments instead codify the above-described deadlines with respect to a claim under a policy of residential property insurance.

SB 878, as it passed the Senate, required an insurer to pay the actual cash value associated with the primary structure and other insured structure within 30 calendar days from the date of total loss to the insured structure.

The Assembly amendments require payment to be made within 30 calendar days from the date the property is determined to be a total loss. If the insured property is located in certain areas, the Assembly amendments prohibit the 30-calendar-day period from commencing until the property becomes reasonably accessible for inspection or the insurer has received the information reasonably necessary to determine that the property is a total loss. The Assembly amendments also toll the 30-calendar-day period if the insurer is awaiting information from the policyholder that is material and relevant to determining the actual cash value of the primary structure and other insured structures, as specified.

The Assembly amendments make nonsubstantive changes to avoid the chaptering out of other related provisions of SB 876.

Vote: 21. Substantial substantive change: yes.

(Final vote in the Senate: AYES—29. NOES—6.)

2026

Aug. 31—In Senate. Concurrence in Assembly amendments pending.

UNFINISHED BUSINESS—Continued

94

S.B. No. 895—Wiener et al.

An act relating to the California Science and Health Research Bond Act, by providing the funds necessary therefor through an election for the issuance and sale of bonds of the State of California and for the handling and disposition of those funds, and declaring the urgency thereof, to take effect immediately.

Digest of Assembly Amendments Pending

(Final vote in the Senate: AYES—29. NOES—9.)

2026

Aug. 31—In Senate. Concurrence in Assembly amendments pending.

95

S.B. No. 960—Cabaldon.

An act relating to public postsecondary education.

Legislative Counsel’s Digest of Assembly Amendments

SB 960, as it passed the Senate, prohibited a community college district from offering a baccalaureate degree program or program curricula already offered by the University of California, or a campus of the California State University whose local service area includes, or overlaps with, the territory of the community college district, except beginning July 1, 2030, SB 960 authorized a district to offer a baccalaureate degree program or program curricula offered by a campus of the California State University whose local service area includes, or overlaps with, the territory of the district if the California State University program has been impacted for 3 consecutive years before the date the program is approved.

The Assembly amendments instead prohibit a community college district from offering a baccalaureate degree program or program curricula already offered by the University of California unless a written agreement has been established, as specified, or a campus of the California State University whose local service area includes, or overlaps with, the territory of the community college district, unless the California State University campus program has a transfer acceptance rate of less than 75% for 3 consecutive years before the program is approved, as specified. The Senate amendments require a community college district’s eligibility to offer a baccalaureate degree program to be determined based on a tiered framework using the district’s rate of students who earned an award or transferred, as specified. The Senate amendments encourage a community college district to obtain a determination of unmet current or projected future workforce need for a specific baccalaureate degree program from the Secretary of Labor and Workforce Development, as provided. The Senate amendments also make nonsubstantive double-jointing amendments to SB 960.

Vote: 21. Substantial substantive change: yes.

(Final vote in the Senate: AYES—37. NOES—0.)

2026

Aug. 31—In Senate. Concurrence in Assembly amendments pending.

UNFINISHED BUSINESS—Continued

96
