COMMITTEE HEARINGS

WEDNESDAY, JANUARY 5, 2022

HUMAN SERVICES**HURTADO, Chair****10 a.m.****John L. Burton Hearing Room (4203)****(TELEVISED)**

NOTICE: Individuals wishing to attend proceedings in person are advised that we must continue to balance the opportunity for the public to participate in the legislative process, with the critical need to protect public health. As such, we will maintain the physical distancing guidelines in proceedings and throughout the Capitol. Face coverings are **REQUIRED** to be worn at all times while in the Capitol.

The Capitol is open to the public and admission to a legislative proceeding will commence at 8:45 a.m. or 15 minutes prior to a proceeding. All persons are required to adhere to these guidelines:

Face coverings are **REQUIRED** for entry into the Capitol and must be worn at all times, including while attending committee hearings. Face coverings must be worn correctly, covering both the nose and mouth, and must contain at least two layers.

Do not enter the Capitol if you have COVID-19 symptoms, including a cough or fever.

Maintain social distance from others.

Capitol restrooms are equipped with soap, please wash hands often, and use hand sanitizer.

Temperature checks will be required as part of the screening process for admission into the Capitol.

INFORMATIONAL HEARING

SUBJECT: Overview of the Governor's 2022–23 Proposed Budget

GOVERNOR'S VETOES

1

S.B. No. 788—Bradford.

An act relating to workers' compensation.

Vote required: 27

To The Members of the California State Senate:

I am returning Senate Bill 788 without my signature.

This bill would preclude a physician from using certain characteristics as the basis for apportionment of permanent disability.

Current law states that physicians shall not apportion the percentage of permanent disability awarded based on the gender, race, or other personal characteristic of the employee and provides protection from the inappropriate application of apportionment law. Instead, physicians are required to apportion the disability award based solely upon the employee's own medical history and medical evidence.

While I support efforts to combat bias within the medical profession, this bill creates confusion with well-settled law, which is likely to result in increased litigation and subsequent delays to much-needed benefits to workers. Ongoing efforts by the Division of Workers' Compensation to implement mandatory continuing education of medical-legal evaluators related to current anti-bias laws and apportionment training is better suited to achieve the intent of this bill.

Sincerely,

Gavin Newsom

2

S.B. No. 494—Dodd.

An act relating to law enforcement.

Vote required: 27

To the Members of the California State Senate:

I am returning Senate Bill 494 without my signature.

This bill would require the Commission on Peace Officer Standards and Training (POST), by January 1, 2023, to develop trainings on advanced interpersonal communication skills and ethical science-based interviewing for specified peace officers in consultation with subject matter experts. Additionally, this bill requires local law enforcement agencies to adopt related policies and requires regular and periodic trainings on advanced interpersonal communication skills and ethical science-based interviewing.

My Administration has helped California lead the nation in police reform policies that have resulted in better training for officers and better relationships with the community. While I support making this training available to law enforcement agencies, I am concerned that mandatory training will have potentially significant General Fund costs not contemplated in the Budget. I am directing POST to develop training on interpersonal communication skills and ethical science-based interviewing. Giving law enforcement access to this training will expand access to training at a lower cost to taxpayers.

Sincerely,

Gavin Newsom

3

S.B. No. 549—Jones.

An act relating to public social services, and declaring the urgency thereof, to take effect immediately.

Vote required: 27

To the Members of the California State Senate:

I am returning Senate Bill 549 without my signature.

This bill would require social workers, if they are deemed essential workers during a state of emergency declared by the Governor, to be included in the first group of essential workers who are eligible to receive emergency materials and personal protective equipment (PPE).

Social workers provide vital services to children, families, and individuals and are a critical support during emergencies and disasters. It is imperative that they have the PPE necessary to do their jobs safely.

Existing law already protects and prioritizes essential workers, including social workers, for PPE distribution. Given uncertain and changing conditions in emergencies, this prioritization must be done in a manner that preserves flexibility for emergency response during a state of emergency.

Sincerely,

Gavin Newsom

4

S.B. No. 556—Dodd et al.

An act relating to communications.

Vote required: 27

To the Members of the California State Senate:

I am returning Senate Bill 556 without my signature.

This bill would restrict the ability of local governments and publicly-owned electric utilities to regulate the placement of small cell wireless facilities on public infrastructure and limit the compensation that may be collected for use of these public assets.

In 2018, the Federal Communications Commission (FCC) adopted many of the requirements that this bill seeks to codify. The provisions of this bill, however, conflict with and complicate some of the FCC requirements. Further, it would be imprudent to codify these requirements in state law in the event the FCC revises them.

There is a role for local governments in advancing our broadband efforts. Part of our achievements laid out in the broadband budget bill, SB 156 (Chapter 112, Statutes of 2020), enables and encourages local governments to take an active role in last mile deployment and, in doing so, drive competition and increase access.

My Administration has worked closely with the Legislature on broadband. I look forward to further discussions as we continue to make a meaningful impact on achieving our collective broadband efforts.

Sincerely,

Gavin Newsom

GOVERNOR'S VETOES—Continued

5

S.B. No. 682—Rubio et al.

An act relating to public health.

Vote required: 27

To the Members of the California State Senate:

I am returning Senate Bill 682 without my signature.

This bill would require the California Health and Human Services Agency (CHHS) to convene an advisory workgroup to develop and implement a plan to reduce racial disparities in childhood chronic diseases by at least 50 percent by December 31, 2030.

My Administration is strongly supportive of closing the health disparity gap among youth and agrees with the intent of this bill. California must set measurable goals and take meaningful action to reduce disparities in chronic conditions affecting children of color. However, because the bill places performance measures and targets into state statute, it restricts the vital flexibility necessary to account for shifting health equity priorities over the next decade.

The bill is also duplicative of efforts already underway, creating unnecessary bureaucratic burden instead of material change. The Department of Health Care Services (DHCS) is analyzing various sources of race/ethnicity data to establish a road map with specific, measurable, attainable, relevant, and time-based goals to reduce racial and ethnic health disparities in Medi-Cal. The 2021 state budget provided historic investments for CHHS to further reorient the administration of its programs using this data to launch an online Health Equity Dashboard. Furthermore, DHCS and the Department of Managed Health Care (DMHC) are collaborating on the establishment and enforcement of health equity and quality standards for full-service and behavioral health plans, which will include annual benchmark standards for assessing equity and quality in health care delivery that will be enforced by the DMHC. These efforts, coupled with CalAIM and managed care plan procurement, will hold Medi-Cal managed care plans accountable for providing quality and equitable care to the state's most vulnerable populations.

I look forward to continuing the work within my Administration, with the Legislature, and with affected communities to address racial disparities in health care, especially as they pertain to children of color, in a manner that is meaningful, effective, and responsive to the latest data and health equity priorities.

Sincerely,

Gavin Newsom

6

S.B. No. 792—Glazer et al.

An act relating to taxation.

Vote required: 27

To the Members of the California State Senate:

I am returning Senate Bill 792 without my signature.

This bill requires certain online retailers to include with their tax returns an additional schedule that reports the gross receipts for each local jurisdiction that qualified goods were delivered to a purchaser.

This duplicates extensive sales and use tax information that is already accessible on the California Department of Tax and Fee Administration's online portal, and results in General Fund costs that are not included in the Budget Act.

I support increased transparency and oversight of the use of local government tax related economic development agreements, which is why I signed AB 485 (Chapter 803, Statutes of 2019). However, this bill creates a burdensome and costly new reporting requirement for many retailers that is unrelated to their tax obligations.

Sincerely,

Gavin Newsom

GOVERNOR'S VETOES—Continued

7

S.B. No. 247—Eggman et al.

An act relating to rare diseases.

Vote required: 27

To the Members of the California State Senate:

I am returning Senate Bill 247 without my signature.

This bill seeks to establish the Rare Disease Advisory Council in the California Health and Human Services (CHHS) Agency, to research and determine the most appropriate methods to collect data on rare diseases, identify priorities relating to treatment and services, and identify best practices for rare disease care. The Council would also be tasked with coordinating statewide research, acting as an advisory body to the state Legislature and other state agencies, guiding research into rare diseases, assisting in the creation and financing of a Rare Disease Fund, and adopting regulations.

While it is important for the public, providers, state agencies, and private partners to have access to information on rare diseases, the purpose and duties of the Advisory Council as would be required by SB 247 are extensive and costly. Bills with a significant fiscal impact, such as this measure, should be considered in the annual budget process. For this reason, I cannot sign this bill.

Gavin Newsom

S.B. No. 477—Wiener et al.

An act relating to housing.

Vote required: 27

To the Members of the California State Senate:

I am returning Senate Bill 477 without my signature.

This bill would require a city or county planning agency to include specified information for proposed housing development projects within its jurisdiction in its annual report.

I strongly agree that in order to solve California's housing crisis, we must require more accountability at every level of government. That's why I signed AB 1483 (Chapter 662, Statutes of 2019) to require the Department of Housing and Community Development to develop a data strategy as part of the statewide housing plan - implementation is currently underway and the Department will produce its recommendations in January, on-time.

As HCD continues its work to implement AB 1483, I am directing the Department to consider including data on the effectiveness of various housing laws, as this bill contemplates. Building this analysis into the existing data process is the more appropriate approach to this issue, as opposed to creating a new requirement while the Department is mid-stream on implementing the thoughtful provisions of AB 1483.

As the Department completes this important work, further statutory changes may be necessary to implement any recommendations. I look forward to working with the Legislature next year to enact potential improvements identified by the Department.

9

S.B. No. 660—Newman et al.
An act relating to elections.
Vote required: 27

To the Members of the California State Senate:

I am returning Senate Bill 660 without my signature.

This bill prohibits a person from paying money or providing any other thing of value based on the number of signatures obtained on a state or local initiative, referendum, or recall petition. The bill permits the Attorney General or a private person, acting as a qui tam plaintiff, to bring a civil action for a violation of this prohibition and imposes a monetary penalty.

As I stated in a veto message on similar legislation in 2019, I appreciate the intent of this bill to incentivize grassroots support for the initiative, referendum, and recall process. However, payment per signature remains one of the most economical methods to qualify for the ballot. This measure could therefore make the qualification of many initiatives cost-prohibitive for all but the wealthiest interests, thereby having the opposite effect. For this reason, I cannot sign this bill.

S.B. No. 805—Rubio et al.

An act relating to state government.

Vote required: 27

To the Members of the California State Senate:

I am returning Senate Bill 805 without my signature.

This bill requires the California Arts Council to establish and administer a California Nonprofit Performing Arts Paymaster program to provide payroll and paymaster services to small nonprofit arts organizations at a low cost.

The 2021 Budget Act already appropriated \$500,000 to the California Arts Council to establish such a nonprofit paymaster. This bill is duplicative of existing efforts and puts additional requirements on the Council to administer the program that may result in General Fund costs not contemplated in the Budget Act.

Gavin Newsom

11

S.B. No. 50—Limón et al.

An act relating to early learning and care.

Vote required: 27

To the Members of the California State Senate:

I am returning Senate Bill 50 without my signature.

This bill would make a child who is between 18 months and 3 years old eligible for the California State Preschool Program (CSPP) as long as the child meets all other eligibility requirements and would extend eligibility for federal and state subsidized child care services to a family in which a member of that family has been certified as eligible to receive benefits from other means-tested government programs.

Expanding access to high quality early learning and care for babies and toddlers is a priority for my Administration. That's why I worked to make universal transitional kindergarten a reality, strengthen our paid family leave policies, and expand child care slots for children in California. Unfortunately, the timing of this bill is premature as it presupposes how the State Preschool Program will be modified to account for the implementation of universal transitional kindergarten. Next January, modifications will be proposed to the State Preschool Program in the 2022 Budget to align the program with the Master Plan for Early Learning and Care.

I appreciate the author's leadership on this issue and look forward to working with her on improving the State Preschool Program and serving more of California's youngest children.

Gavin Newsom

S.B. No. 365—Caballero et al.
An act relating to Medi-Cal.
Vote required: 27

To the Members of the California State Senate:

I am returning Senate Bill 365 without my signature.

SB 365 would require an “e-consult” provided by an enrolled Medi-Cal provider, including a Federally Qualified Health Center (FQHC) and Rural Health Clinics (RHC) to be reimbursed under Medi-Cal.

Current Medi-Cal reimbursement policy allows for a health care provider to bill for an e-consult when the benefits or services delivered meet the procedural definition and components of the Current Procedural Terminology (CPT) code set and requirements in the Department of Health Care Services (DHCS) Medi-Cal provider manual.

SB 365’s definition of e-consult services is inconsistent with federal law, which explicitly states that reimbursement for visits in FQHCs and RHCs is only permitted between a FQHC and RHC billable provider and a patient. Moreover, the Centers for Medicare and Medicaid Services has communicated to DHCS that e-consult services are not separately reimbursable to FQHCs and RHCs because a patient is not included during the encounter. As a result, the state would not be entitled to federal matching funds for e-consult services reimbursed separately to FQHCs and RHCs.

For these reasons, I am returning this bill without my signature.

Gavin Newsom

S.B. No. 665—Umberg et al.

An act relating to employment.

Vote required: 27

To the Members of the California State Senate:

I am returning Senate Bill 665 without my signature.

This bill allows private employers to create a temporary veterans' preference for hiring and deems these policies as not violating anti-discrimination laws, until January 1, 2028.

Honoring veterans and assisting them in securing employment are vitally important goals of my Administration. However, I am concerned that the veterans' preference policies that would be permitted by this legislation could negatively impact employment opportunities for women and other protected groups underrepresented among veterans, such as people with disabilities.

There are ways to make the preference workable and I look forward to working with the author to advance such a policy.

S.B. No. 675—Ochoa Bogh.

An act relating to taxation.

Vote required: 27

To the Members of the California State Senate:

I am returning Senate Bill 675 without my signature.

This bill would authorize a county board of supervisors to adopt a resolution or ordinance to implement a local program for qualified taxpayers to pay their property tax in monthly installments, rather than twice per year.

There are existing options, both public and private, available for taxpayers who struggle to pay their taxes or need assistance remaining current on their bills. Nothing in current law prohibits individuals and counties from taking advantage of these options. Further, state county tax collectors and auditors oppose this bill due to the significant administrative and fiscal burdens that would result from creating a separate tax collection system for certain individuals. For these reasons, I am returning this bill.

S.B. No. 76—Nielsen.

An act relating to state employees.

Vote required: 27

To the Members of the California State Senate:

I am returning Senate Bill 76 without my signature.

SB 76 would allow state employee supervisors to request binding arbitration as part of the grievance process. Current law allows managers and supervisors to pursue resolution of disagreements through a four-step grievance process and pursue a claim with the State Personnel Board. SB 76 would add a costly step to this process.

Additionally, SB 76 would permit excluded employees to arbitrate the Department of Human Resources' (CalHR) authorizing statutes, regulations, policies, and/or practices before non-governmental entities. This could lead to conflicts with the statutory authority delegated to CalHR and the Legislature. These are the same concerns I had with a previous, nearly-identical bill, SB 179 (2019), which I also vetoed.

Gavin Newsom

S.B. No. 83—Allen et al.

An act relating to coastal resources.

Vote required: 27

To the Members of the California State Senate:

I am returning Senate Bill 83 without my signature.

This bill requires the Ocean Protection Council to develop the Sea Level Rise Revolving Loan Program to provide low-interest loans to local jurisdictions to purchase coastal properties identified as vulnerable. Unfortunately, it does not comprehensively address the costly activities envisioned, likely to be carried out over decades.

Climate-driven sea level rise presents major land-use planning challenges. The scope and scale of the problem, and the work necessary to make sure that California can adapt to rising seas, requires innovative planning approaches and implementation action at the state and local level. Financial tools, such as the one proposed in SB 83, have the potential to play an important role in a portfolio of strategies that will help build coastal resilience in California. However, such an effort should be considered within a comprehensive lens that evaluates properties to be included in a statewide plan.

I encourage the author to continue to engage with my Administration as we work together to ensure California's coastal communities and natural resources are resilient to sea level rise.

Gavin Newsom

17

S.B. No. 244—Archuleta et al.

An act relating to hazardous waste.

Vote required: 27

To the Members of the California State Senate:

I am returning Senate Bill 244 without my signature.

This bill would require the Department of Forestry and Fire Protection (CAL FIRE) to develop a model protocol to prevent fires caused by lithium-ion batteries in the solid waste stream and require the Department of Resources Recycling and Recovery to develop guidance for local governments to increase public awareness about the proper disposal of those batteries. This bill would also require a solid waste enterprise to adopt a prevention protocol for fires caused by the disposal of lithium-ion batteries and train relevant employees on the protocol.

I share the concern about the risks lithium-ion batteries pose in the solid waste stream. However, this bill is duplicative of efforts already taken by local governments and stakeholder groups and does not propose a meaningful solution to the problem.

Furthermore, at a time when CAL FIRE is tackling historic wildfires, this proposal would divert funds away from mission-critical programs to implement this bill.

I welcome discussions with the author and Legislature about a meaningful, comprehensive approach to addressing the safety risks posed by lithium-ion batteries in the solid waste system that would advance California toward a more circular economy.

S.B. No. 702—Limón et al.

An act relating to state government.

Vote required: 27

To the Members of the California State Senate:

I am returning Senate Bill 702 without my signature.

This bill would require the Governor's Office to convene a working group to make recommendations back to the Office on increasing diversity in state appointments, and to create and deliver to the Legislature a report containing demographic information of individuals appointed by the Governor.

I applaud the author and stakeholders' desire to ensure diversity in California's board and commission members. I too am deeply committed to making appointments that reflect California's diversity at every level of government. My office already makes an intentional, transparent effort to engage with the Legislature, community partners, nonprofits, and a variety of stakeholders to build a diverse and qualified pool of candidates for appointed positions, and will continue to strengthen and build these partnerships. Further, the demographic information specified for reporting under this bill is optional and self-reported by candidates. For these reasons, such a report required by SB 702 would not accurately reflect the diversity of appointees.

Sincerely,

Gavin Newsom

S.B. No. 804—Glazer et al.

An act relating to resource conservation.

Vote required: 27

To the Members of the California State Senate:

I am returning Senate Bill 804 without my signature.

This bill would direct the California Conservation Corps (CCC) to establish a forestry training center providing training in Northern California for entry-level forestry and vegetation management jobs and prioritizing the enrollment of former conservation camp crew members, in consultation with the Department of Forestry and Fire Protection (CAL FIRE) and the Department of Corrections and Rehabilitation (CDCR).

As California continues to face unprecedented fire seasons, California has worked to expand our firefighting force. In 2020, I was proud to sign AB 2147 (Chapter 60, Statutes of 2020), which allowed for incarcerated individuals to serve as firefighters following their release. Additionally, in October 2018, CDCR, in partnership with CAL FIRE and the CCC, began a Firefighter Training and Certification Camp in Ventura County. The pilot program was established to expand employment opportunities for incarcerated individuals with the intention of preparing them for entry-level firefighting jobs following release.

I applaud the efforts laid out in this bill and encourage the author to work through the budget process to advance efforts related to the expansion of a Northern California center.

Sincerely,

Gavin Newsom

S.B. No. 110—Wiener et al.
An act relating to Medi-Cal.
Vote required: 27

To Members of the California State Senate:

I am returning Senate Bill 110 without my signature.

This bill would require Medi-Cal substance use disorder services to include contingency management services as an optional benefit under the Drug Medi-Cal organized delivery system, subject to utilization controls.

Given the promise of contingency management as a treatment for stimulant use disorders, the 2021–22 Budget includes funding to support a pilot contingency management Medi-Cal benefit from January 2022 through March 2024. The Department of Health Care Services has sought federal approval for this pilot project and will work expeditiously to implement it once it is authorized.

The outcomes and lessons learned from the pilot project should be evaluated before permanently extending the Medi-Cal benefit. As such, this bill is premature, and I am returning it without my signature.

Sincerely,

Gavin Newsom

S.B. No. 524—Skinner et al.

An act relating to health care coverage.

Vote required: 27

To the Members of the California State Senate:

I am returning Senate Bill 524 without my signature.

This bill would prohibit patient steering to certain pharmacies by health plans, health insurers, and their agents, as specified.

While offering consumers a choice in pharmacies within their health plan or insurer networks is a worthwhile goal, the bill lacks clarity in key areas which may render it subject to misinterpretation or a lack of enforceability. It is unclear what business relationships between health plans, insurers, and their agents are intended to be affected because the bill does not define “agent” or “corporate affiliate.” Furthermore, it is unclear what it means to “limit an enrollees’ (or insureds’) access” to certain pharmacy providers.

It is necessary to define these terms and concepts so appropriate oversight and enforcement may occur, particularly in light of the complexity of the contracting arrangements and benefit designs at issue. Finally, it is important to ensure that efforts to address these concerns do not have the unintended consequence of interfering with the ability of health plans and insurers to coordinate care and contain pharmaceutical costs for California’s consumers.

Sincerely,

Gavin Newsom
