S.B. No. 275—Grove.

An act relating to oil and gas.

Vote required: 27

To the Members of the California State Senate:

I am returning Senate Bill 275 without my signature.

This bill would require appointment of the State Oil and Gas Supervisor to be subject to Senate confirmation. I share the Legislature's desire for appointments to be made effectively and transparently, especially when considering California's ambitious and time-sensitive clean energy and carbon neutrality goals.

However, an appointee to this position already undergoes an extensive and exhaustive identification, evaluation, and selection process, a process that ensures the appointee is experienced and fully capable of carrying out our shared policy objectives of protecting public health, safety, and the environment. Additionally, this position falls under the direction and oversight of the Director of Conservation, a gubernatorial appointee that is subject to Senate confirmation.

For these reasons, I am returning this bill without my signature.

Sincerely,

Gavin Newsom

S.B. No. 417—Blakespear et al.  
An act relating to firearms.

SB 417, as it passed the Senate, revised the specified warnings and notices that licenced firearm dealers are required to conspicuously post within their licensed premises to include a statement that access to a firearm in the home significantly increases the risk of injury, as specified, and stated that if the reader of the notice or a loved one is experiencing distress or depression or is contemplating suicide, that person call the National Suicide Prevention Lifeline.

The Assembly amendments require the notice to be on a contrasting background, change the phone number to the 988 Suicide and Crisis Lifeline, specify the placement of certain text in the notice, and require the notice to be posted on the counter of one of the main gun displays or within five feet of the cash register, if possible.

The Assembly amendments instead place these requirements on any commercial feed, feed additive, or drug approved by the United States Food and Drug Administration that is fed to livestock. The Assembly amendments specify that the department’s oversight does not limit the authority of the State Air Resources Board related to certain methane emissions reduction regulations.

The Assembly amendments, instead, authorize an eligible legislative body to use alternate teleconferencing provisions if the city council has adopted an authorizing resolution and 23 of an eligible legislative body votes to use the alternate teleconferencing provisions, only until January 1, 2026. The Assembly amendments also require that at least once per year, at least a quorum of the members of the eligible legislative body participate in person from a singular physical location that is open to the public and within the boundaries of the eligible legislative body.

SB 786, as it passed the Senate, listed the types of discrimination that are prohibited, including, among other things, requiring a covered entity or specified pharmacy to identify, either directly or through a third party, covered drugs or covered drug costs.

The Assembly amendments delete the contents of the bill and instead require the Department of Cannabis Control, no later than March 1, 2024, to allow a cultivation licensee to change the type of size of a cultivation license or to place a cultivation license in inactive status, as specified. The Assembly amendments also require the department, in implementing these provisions, to allow each licensee a one-time opportunity to change the date of license renewal.

The Assembly amendments authorize the city to convey conservation easements, leases, or licenses for the geologic storage, rather than the sequestration, of carbon dioxide in those pore spaces, as specified. The Assembly amendments additionally authorize the city to convey conservation easements, leases, or licenses on the 8 parcels for agricultural activities that provide wildlife habitat, and would require any revenue received by the city from conveying any of these easements, leases, or licenses to be used to preserve, protect, maintain, or enhance wildlife and riparian habitat, wetlands, and potential wetlands within the Davis Planning Area, as specified.

SB 280, as it passed the Senate, required the care plan to be delivered to specified persons, including the conservatee's spouse or registered domestic partner and relatives within the first degree.

The Assembly amendments lower the maximum penalty to \$500 and create an exception for delivery to the conservatee's spouse or registered domestic partner and relatives within the first degree if the court determines delivery will result in harm to the conservatee.

S.B. No. 403—Wahab et al.

An act relating to discrimination.

**Legislative Counsel’s Digest of Assembly Amendments**

SB 403, as it passed the Senate, revised provisions of the Unruh Civil Rights Act regarding free and equal access to accommodations, advantages, facilities, privileges, or services, to specifically entitle persons to those rights regardless of their caste, as defined. SB 403, as it passed the Senate, included caste as a protected characteristic in a policy statement relating to public schools. SB 403, as it passed the Senate, prohibited discrimination based on caste in programs or activities conducted, operated, or administered by the state or a state agency, or that receives any state financial assistance. SB 403, as it passed the Senate, also revised the California Fair Employment and Housing Act (FEHA) to prohibit discriminatory employment and housing practices because of caste. SB 403, as it passed the Senate, included legislative findings on caste discrimination in various settings, including the workplace and school settings.

The Assembly amendments instead revise the Unruh Civil Rights Act provisions to define “ancestry” for purposes of that act to include, among other things, caste, as defined. The Assembly amendments also revise the policy statement related to public schools to include ancestry as a protected characteristic and define “ancestry” and “caste” for purposes of those provisions. The Assembly amendments remove the provision that prohibits discrimination based on caste in state-related programs or activities and revise the language in FEHA to instead define “ancestry” to include “caste,” as further defined. The Assembly amendments incorporate additional changes to a provision that would become operative only if SB 403 and AB 524 are enacted and SB 403 is enacted last. The Assembly amendments also make related changes to the legislative findings.

An act relating to mortgages.

### **Legislative Counsel’s Digest of Assembly Amendments**

SB 455, as it passed the Senate, among other things, required a transferor mortgage servicer servicing a mortgage secured by property, as defined, within the geographic limits of a proclaimed state of emergency or local emergency to deliver to a transferee mortgage servicer any material written records between the borrower and the mortgage servicer relating to the repair of property that suffered a total loss due to damage caused by a natural disaster for which the state of emergency or local emergency was proclaimed.

The Assembly amendments instead require that delivery to be of material records relating to the borrower’s election to use insurance proceeds to repair or replace property damaged by a disaster for which the state of emergency or local emergency was proclaimed. The Assembly amendments additionally specify that the bill shall not be interpreted to prohibit a mortgage servicer from delivering to a transferee mortgage servicer any material written records relating to a borrower’s election to use insurance proceeds to repair or replace damaged property that was not caused by a disaster for which a state of emergency or local emergency was proclaimed.

S.B. No. 639—Limón et al.

An act relating to Alzheimer's disease.

### Legislative Counsel's Digest of Assembly Amendments

SB 639, as it passed the Senate, made legislative findings relating to the impacts and treatment of Alzheimer's disease and dementia, and encouraging the establishment of diagnostic hubs for Alzheimer's disease for training of health care professionals and securing access to therapies. SB 639, as it passed the Senate, authorized the diagnostic hubs to collaborate with relevant state departments for expertise.

The Assembly amendments revise provisions relating to grants to postsecondary higher educational institutions that establish diagnostic and treatment centers for Alzheimer's disease, making conforming changes referring to diagnostic hubs. The Assembly amendments expand the purposes of the diagnostic hubs, including collaboration with the State Department of Health Care Services (DHCS) in promoting the Dementia Care Aware initiative and in continuing the department's cognitive health assessment training. The Assembly amendments require a state department or diagnostic hub to obtain certain approval from DHCS to host any Dementia Care Aware materials on internet websites. The Assembly amendments make additional changes to a related Medi-Cal provision.

S.B. No. 801—Allen.

An act relating to trusts.

**Legislative Counsel’s Digest of Assembly Amendments**

SB 801, as it passed the Senate, established the California Uniform Directed Trust Act to provide a method for regulating a trust for which a person who is not a trustee is given a role in directing the trust. SB 801 specified the duties and responsibilities of the trust director and directed trustee, including information required to be exchanged by the trust director and the directed trustee.

The Assembly amendments, notwithstanding any other law, additionally require the consent of the public administrator, public guardian, or public conservator before they may be appointed to act as a trust director or directed trustee. The Assembly amendments also make technical, nonsubstantive changes to the bill.

The Assembly amendments delete those provisions and instead authorize the board of directors of the Santa Cruz Metropolitan Transit District to impose a retail transactions and use tax after January 1, 2024, to be excluded from an existing 2% combined limit on its retail transactions and use tax, if the board adopts an ordinance approving the tax before January 1, 2035, and if the total tax rate excluded under the authority added by the bill does not exceed 12%.

S.B. No. 432—Cortese.

An act relating to teachers' retirement, and making an appropriation therefor.

### **Legislative Counsel's Digest of Assembly Amendments**

SB 432, as it passed the Senate, revised provisions of law concerning the State Teachers' Retirement System (STRS) to specify that compensation reported in accordance with STRS rules includes rules relating to timeliness and accuracy and eliminated the requirement that supersession by other law or order be express. SB 432, as it passed the Senate, required that notice of determination of an error in compensation reported to STRS be provided in writing and based on the law applicable at the time that the compensation was reported. SB 432, as it passed the Senate, also required that amounts overpaid resulting from compensation determined to have been paid to enhance a member's benefits be recovered from the member, participant, former participant, or beneficiary receiving the allowance or annuity benefit, or the employer, or both.

The Assembly amendments delete the above-described requirement that notice of a determination of error be provided in writing, based on the law applicable at the time the compensation was reported. The Assembly amendments also delete the provision that required amounts overpaid due to compensation paid to enhance a member's benefits be recovered. The Assembly amendments also require STRS to identify and provide resources on its internet website that interpret compensation and creditable service laws. The Assembly amendments further require those STRS-identified resources to be relied upon for purposes of audits or other actions by STRS unless the resource is revoked or superseded by STRS. The Assembly amendments provide that if STRS determines that compensation reported in accordance with its identified resources has been reported in error as a result of an error in those resources, the resulting overpayment to the individual member, former member, or beneficiary would be deemed an error of STRS and subject to a specified recovery process. The Assembly amendments make various other changes to the Teachers' Retirement Law, including allowing for a retroactive interpretation of law if it is the result of a final court order.

SB 568, as it passed the Senate, added a notification requirement, for a person who exports covered electronic waste or a covered electronic device intended for recycling or disposal to a foreign country or to another state for ultimate export to a foreign country, to state that the person attempted to locate an in-state electronic waste recycling facility before exporting the waste or device, and subjected that person to a fine of up to \$1,000 for a false statement made in connection with that requirement.

The Assembly amendments delete the above-described provisions and instead add a requirement for that person to demonstrate that the person attempted to locate an in-state covered electronic waste recycler and that the waste or device could not be managed by an in-state covered electronic waste recycler.

The bill, as it passed the Senate, authorized the request for assistance to continue following a change in ownership or transfer of lawful possession if the transferee notified the relevant law enforcement agency or city of the change.

The Assembly amendments remove the provision permitting a request for assistance to continue after a transfer of possession or change in ownership and remove the 12 month to 3 year extension if the property is closed to the public.

S.B. No. 413—Bradford.

An act relating to school attendance.

**Legislative Counsel's Digest of Assembly Amendments**

SB 413, as it passed the Senate, indefinitely extended the application of a provision set to expire on July 1, 2023, requiring the county board of education in a class 1 county to determine, within 60 calendar days after a parent appeals a school district's decision regarding a request for interdistrict transfer instead of the generally applicable 30 calendar days, whether a pupil should be permitted to attend the school district of proposed enrollment and the applicable period of attendance. SB 413, as it passed the Senate, also indefinitely extended the application of a provision that expired on July 1, 2019, requiring the county board of education in a class 2 county to make a determination within 45, instead of 30, calendar days after a parent appeals the school district's decision regarding a request for interdistrict transfer and the applicable period of attendance.

The Assembly amendments instead authorize the county board of education in a class 1 or class 2 county to extend the otherwise applicable 30-day time period to up to 60 calendar days after the parental appeal is filed to determine whether the pupil should be permitted to attend the school district of proposed enrollment and the applicable period of attendance, if one or more circumstances related to delayed responses, requests for delay, or the closure of certain annual application windows apply.
