GOVERNOR'S VETOES

151

S.B. No. 275—Grove.

An act relating to oil and gas.

Vote required: 27

To the Members of the California State Senate:

I am returning Senate Bill 275 without my signature.

This bill would require appointment of the State Oil and Gas Supervisor to be subject to Senate confirmation. I share the Legislature's desire for appointments to be made effectively and transparently, especially when considering California's ambitious and time-sensitive clean energy and carbon neutrality goals.

However, an appointee to this position already undergoes an extensive and exhaustive identification, evaluation, and selection process, a process that ensures the appointee is experienced and fully capable of carrying out our shared policy objectives of protecting public health, safety, and the environment. Additionally, this position falls under the direction and oversight of the Director of Conservation, a gubernatorial appointee that is subject to Senate confirmation.

For these reasons, I am returning this bill without my signature.

Sincerely,

Gavin Newsom

An act relating to food and agriculture.

Legislative Counsel's Digest of Assembly Amendments

SB 780, as it passed the Senate, required any commercial feed, feed additive, or drug approved by the United States Food and Drug Administration that is fed or administered to livestock to be under the oversight of the Department of Food and Agriculture as the primary state regulatory agency, including, but not limited to, products that make environmental and health claims.

The Assembly amendments instead place these requirements on any commercial feed, feed additive, or drug approved by the United States Food and Drug Administration that is fed to livestock. The Assembly amendments specify that the department's oversight does not limit the authority of the State Air Resources Board related to certain methane emissions reduction regulations.

The Assembly amendments delete the contents of the bill and instead require the Department of Cannabis Control, no later than March 1, 2024, to allow a cultivation licensee to change the type of size of a cultivation license or to place a cultivation license in inactive status, as specified. The Assembly amendments also require the department, in implementing these provisions, to allow each licensee a one-time opportunity to change the date of license renewal.

For charter schools, the Assembly amendments instead require each charter school to post, on the performance overview portion of the California School Dashboard, their current year's local control and accountability plan that has been adopted by the governing body of the charter school and submitted to their chartering authority and the county superintendent of schools, or submitted only to the county superintendent of schools, as applicable. An act relating to CalWORKs.

Legislative Counsel's Digest of Assembly Amendments

SB 773, as it passed the Senate, for purposes of determining the family's total monthly household income for the permanent housing assistance under the CalWORKs program, authorized a county human services agency to include any amount that is regularly received from other government and nonprofit housing and homeless subsidy programs and any regularly received private support intended or designed to help the family with housing. SB 773, as it passed the Senate, required the county to, upon issuing the first payment of temporary homeless assistance, refer the assistance unit to any other homeless assistance services provided under the CalWORKs program and to give priority to the assistance unit for those services. SB 773, as it passed the Senate, required the State Department of Social Services to collect statewide data regarding the homeless assistance, and establish a statewide stakeholder advisory group, or modify the responsibilities of an existing advisory group, to develop recommendations regarding the homeless assistance.

The Assembly amendments require, instead of authorize, the county human services agency to include the above-described funds when determining the family's total monthly household income for the permanent housing assistance, and specify that those funds may include financial support from an individual outside the household. The Assembly amendments additionally require a county to refer an assistance unit to other applicable housing programs, as specified, upon application for temporary or permanent homeless assistance, and authorize, instead of require, the county to give priority to the assistance unit for the CalWORKs services they may be referred to. The Assembly amendments additionally require the department to collect the race, ethnicity, sexual orientation, and gender identity of the applicants, and require the stakeholder advisory group to include demographic diversity that reflects the diverse population of families experiencing homelessness. The Assembly amendments also make the bill's provisions operative beginning January 1, 2025, or on the date that the department notifies the Legislature that the California Statewide Automated Welfare System can perform the necessary automation to implement its provisions.

S.B. No. 332—Cortese et al.

An act relating to employment, and declaring the urgency thereof, to take effect immediately.

Legislative Counsel's Digest of Assembly Amendments

SB 332, as it passed the Senate, required the Department of Industrial Relations to evaluate the effectiveness of the existing law requirement that a school district or school notify each apprenticeship program in the same county as the school district or school of a career or college fair it is planning to hold, as specified. SB 332, as it passed the Senate, also required the Department to submit, by January 1, 2026, a report making recommendations to the Legislature on how to improve outreach to high school students regarding apprenticeship and preapprenticeship opportunities, as well as ways to expand preapprenticeships and incentivize businesses to offer them.

The Assembly amendments delete those provisions and instead make specified provisions of the Labor Code inapplicable to a person who is covered by a contract to play baseball at the minor league level with a labor organization that has at least 10 years of experience representing baseball players and who is compensated pursuant to the terms of a valid collective bargaining agreement that expressly provides for the wages, hours of work, working conditions of employees, payment for time worked during the off-season and spring training, and final and binding arbitration of disputes. The Assembly amendments require the Department of Industrial Relations to amend and republish Wage Order No. 10-2001 to provide that specified provisions of the wage order do not apply to a person subject to these provisions.

The Assembly amendments provide that an itemized wage statement furnished by an employer pursuant to these provisions is not required to show total hours worked by an employee if the employee is exempt from the payment of minimum wage and overtime under the these provisions. An act relating to taxation.

Legislative Counsel's Digest of Assembly Amendments

SB 335, as it passed the Senate, required the Department of Industrial Relations to submit the annual report that the department publishes containing statistics on state work injuries and occupational diseases and fatalities to the Legislature and the Governor.

The Assembly amendments deleted these provisions from the bill and instead authorize the County of Santa Clara to impose a transactions and use tax for general or specific purposes at a rate of no more than 0.625% that, in combination with other transactions and use taxes, would exceed the combined rate limit for all taxes that may be imposed in accordance with the Transactions and Use Tax Law of 2%. The amendments require any transactions and use tax adopted pursuant to their provisions to satisfy specified conditions, and repeal the authorization to impose such tax if no ordinance is approved by December 31, 2028.

The Assembly amendments also reframed the existing authority for the Ventura County Transportation Commission to impose a transactions and use tax for the support of countywide transportation programs to instead authorize the County of Ventura to impose that transactions and use tax.

SB 3, as passed by the Senate, required the State Water Resources Control Board to, upon appropriation by the Legislature, expend moneys to provide training statewide to community water systems with between 15 and 200 service connections to meet compliance with the Water Shutoff Protection Act.

The Assembly amendments, among other changes, repeal the bill’s provisions on January 1, 2036. The Assembly amendments include additional location and other criteria required to be satisfied for a housing development project to be a use by right, including that housing units on the site not be within a specified distance of certain industrial sites or a facility that actively extracts or refines oil or natural gas and that, if the site of the development is a vacant site, it does not contain tribal cultural resources that could be affected by the development, as specified. The Assembly amendments specify that the bill’s provisions do not prevent a development from also qualifying as a housing development project entitled to the protections of the Housing Accountability Act. An act relating to elections.

Legislative Counsel's Digest of Assembly Amendments

SB 77, as it passed the Senate, required an elections official to notify a vote by mail voter by telephone, a text message, or email, if the elections official has a telephone number or email address for the voter on file, if the elections official determined that the signature on a vote by mail ballot did not match the voter's signature appearing on a specified voter registration record or if the identification envelope did not contain a signature to allow the voter the opportunity to verify their signature.

The Assembly amendments further require the elections official to attempt to leave a voicemail message if the elections official calls the voter and the voter does not answer. The Assembly amendments authorize an elections official to use contact information provided on a voter's affidavit of registration for purposes of comparing and verifying signatures for vote by mail ballots. The Assembly amendments also incorporate additional changes to Section 3019 of the Elections Code proposed by AB 1037, to be operative only if this bill and AB 1037 are enacted and this bill is enacted last.

S.B. No. 96—Portantino.

An act relating to historic venues, and making an appropriation therefor.

Legislative Counsel’s Digest of Assembly Amendments

SB 96, as it passed the Senate, among other things, required a return filed with the California Department of Tax and Fee Administration to report gross receipts for sales tax purposes to segregate the taxable sales on a line or a separate form, as prescribed by the department, if the place of sale in this state is on or within the real property of a historic venue on the day of a qualified event, as defined. SB 96, as it passed the Senate, required the Controller, based on allocation reports from the department, to transmit as promptly as feasible all revenues, less refunds and specified costs, derived from certain sales and use taxes on the sale of tangible personal property during a qualified event, as defined, to the city, county, or city and county that identified the confirmed historic venue, at which the qualified event occurred, to the department and in which the qualified event from which the revenues derive occurred.

The Assembly amendments remove the above requirement on the Controller and instead, until July 1, 2030, create the Historic Venue Restoration and Resiliency Fund and continuously appropriate the moneys in the fund for transmission by the Controller to cities and counties with historic venues, as specified. The Assembly amendments define “county” to mean the County of Alameda, the County of Santa Clara, and the County of Los Angeles and define “city” to mean a city within the geographic boundaries of any of those counties.

The Assembly amendments also require the department to report the amount of the total gross receipts segregated on the returns filed for the prior fiscal year to the Department of Finance on or before November 1 of each year, as prescribed. The Assembly amendments require an amount equal to 5% of the total amount of gross receipts, or adjusted gross receipts, for the prior fiscal year reported to the Department of Finance by the department to be included in the next annual Governor’s Budget for deposit into the fund. The Assembly amendments require, no later than 30 days after the enactment of the annual Budget Act, the amount appropriated by the Legislature to the Controller, as described above, to be transferred by the Controller to the fund. The Assembly amendments also require, on or before January 1, 2027, and annually thereafter, a city or county that receives money from the fund to deliver a report to the department regarding how that money

The Assembly amendments require initial disclosures to include information relevant to the subject matter of the action and contractual agreements and insurance policies related to persons or entities who may be liable to satisfy a judgment. The Assembly amendments permit a party to propound a supplemental demand in specified circumstances and exempt specified proceedings from the requirement to provide initial disclosures. An act relating to tidelands and submerged lands.

Legislative Counsel’s Digest of Assembly Amendments

SB 273, as it passed the Senate, established the Pier 30-32 Reconstruction Act. The bill, as it passed the Senate, revised the conditions relating to the approval of mixed-use development on the San Francisco waterfront at Pier 30-32 by the State Lands Commission, to include, among other things, that mixed-use development comply with specified provisions.

The Assembly amendments include, as part of these specified provisions, the requirement that the City and County of San Francisco acting by and through the San Francisco Port Commission and its selected developer offer a range of equity-based programs, as provided, and that the mixed-use development not contain residential use.

The bill, as it passed the Senate, included findings and declarations that specified laws concerning the water-oriented use criterion and no alternative upland location criterion shall not apply to a mixed-use project on Pier 30-32, as provided.

SB 439, as it passed the Senate, required a court adjudicating a special motion to strike a pleading in an action challenging the approval or permitting of a priority housing development project to consider the pleadings and supporting an opposition affidavits for the motion to strike when making its determination. SB 439, as it passed the Senate, defined a priority housing development as a development in which 100% of the units, exclusive of manager’s units, would be reserved for lower income households.

The Assembly amendments require the court to make its determination based on the pleadings and affidavits, and permit requests for judicial notice to be included in those affidavits. In cases where the court determines that an administrative record is required to make its decision, the Assembly amendments would permit the moving party to file a special motion to strike after the administrative record is available, as specified. The Assembly amendments remove those provisions.

SB 464, as it passed the Senate, required the prosecuting attorney, upon the request of a victim or witness of a crime, to inform the victim or witness by letter of the final disposition of the case within 72 hours.

The Assembly amendments instead require the prosecuting attorney to give that notice of the final disposition of the case within 30 days.

SB 464, as it passed the Senate, required specified entities that receive, maintain, store, or preserve sexual assault evidence kits to conduct an audit of all untested sexual assault evidence kits in their possession, as specified.

Legislative Counsel's Digest of Assembly Amendments

SB 487, as it passed the Senate, prohibited a contract issued, amended, or renewed on or after January 1, 2024, between a health care service plan or health insurer and a health care services provider from containing a term that would result in termination or nonrenewal of the contract or otherwise penalize the provider based on a civil judgment, criminal conviction, or another professional disciplinary action in another state if the judgment, conviction, or professional disciplinary action is based on the application of another state's laws that interfere with a person's right to receive care that would be lawful if provided in California. SB 487, as it passed the Senate, also prohibited discrimination with respect to the provision of, or contracts for, professional services against a licensed provider solely based on the same criteria. SB 487, as it passed the Senate, prohibited the department from suspending an individual or entity as a Medi-Cal provider if the revocation, suspension, loss, or surrender of the individual or entity's license, certification, or approval authority in another state is based solely on conduct that is not prohibited in California.

The Assembly amendments, instead, give the department the authority to elect not to suspend an individual or entity as a provider in the Medi-Cal program if the revocation, suspension, loss, or surrender of the individual or entity's license, certification, or approval authority in another state is based on conduct that is not deemed to be unprofessional conduct under California law. The Assembly amendments require the department to seek any federal approvals it deems necessary to implement this requirement and mandates the requirement only be implemented to the extent the department obtains necessary federal approvals and federal financial participation under the Medi-Cal program is available and not otherwise jeopardized. The Assembly amendments authorize the department to implement or interpret this requirement through plan or county letters, information notices, plan or provider bulletins, or similar written instructions.

SB 541, as it passed the Senate, required these public schools to distribute condoms in a specified manner, including, among other things, by requiring condoms placed in locations not regularly supervised by school staff to be stored in tamper-proof dispensers. SB 541, as it passed the Senate, required these public schools to post at least one notice containing certain information, including, among other information, certain language from SB 541. SB 541, as it passed the Senate, required each public school serving any of grades 7 to 12, inclusive, to allow the distribution of condoms during the course of, or in connection with, educational or public health programs and initiatives. SB 541, as it passed the Senate, defined “public school” for these purposes to include a school operated by a school district, a school operated by a county office of education, and a charter school.

The Assembly amendments, among other things, remove the above-described requirement regarding tamper-proof dispensers and the requirement that the above-mentioned notice contain certain language from SB 541. The Assembly amendments require a public school to, upon request, provide this notice in an accessible format, as provided. The Assembly amendments require each public school serving any of grades 7 to 12, inclusive, to allow condoms to be made available, rather than distributed, during the course of, or in connection with, educational or public health programs and initiatives. The Assembly amendments, among other things, provide that the Energy Commission's certification of a facility proposed by an electrical corporation satisfies and replaces the PUC's obligations under CEQA with respect to that facility. SB 696, as it passed the Senate, imposed various requirements on a notary public authorized to perform online notarizations, on online notarization platforms, and on the Secretary of State related to online notarization, including, among other things, requiring the Secretary of State to complete the technology necessary to implement online notarization by January 1, 2030, and to provide custodial services for electronic journals and audio-video recordings of online notarial acts.

The Assembly amendments make various changes relating to documentation of online notarial acts, including, among other things, requiring an online notary public to keep a tangible journal in addition to an electronic journal and to take all necessary measures to disable the electronic affixation of the notary public's electronic signature or seal. The Assembly amendments remove the above-described custodial requirements on the Secretary of State and instead require a notary public to retain their electronic journal and audio-video recordings for at least 10 years after the end of their commission, as specified, and prohibit an online notarization system or depository from deleting a journal entry or audio-video recording until the notary public is given a reasonable opportunity to download the journal or recording. S.B. No. 659—Ashby et al.

An act relating to groundwater.

Legislative Counsel's Digest of Assembly Amendments

SB 659, as it passed the Senate, established the California Water Supply Solutions Act of 2023 to require the Department of Water Resources to develop a groundwater recharge action plan by January 1, 2026, that provides actionable recommendations that result in the ability to create additional groundwater recharge capacity. SB 659 required the department to consult with the State Water Resources Control Board, the 9 regional water quality control boards, and the advisory committee established to assist the department in the updating of The California Water Plan in carrying out these provisions. SB 659 allowed the department to add members from specified fields to the advisory committee, as provided. SB 659 required the groundwater recharge action plan to identify and make recommendations on immediate opportunities and potential long-term solutions to increase the state's groundwater supply, as specified. SB 659 required the department to include the groundwater recharge action plan as part of the 2028 update to The California Water Plan and to update the groundwater recharge action plan at the same time that the department prepares updates to The California Water Plan. SB 659 required the department and the water boards, upon an appropriation or further action by the Legislature, to implement the recommendations identified in the groundwater recharge action plan that result in new infrastructure and institutional mechanisms in place that provide for the ability to create additional groundwater capacity. SB 659 required a portion of hearings the department is required to conduct in the updating of The California Water Plan to be conducted in regions of the state that have been impacted the most by drought, as specified.

The Assembly amendments remove the requirement that the department develop a groundwater recharge action plan, instead requiring that the department provide actionable recommendations to develop additional groundwater recharge opportunities that increase the recharge of the state's groundwater basins as part of the 2028 update to The California Water Plan, and each subsequent update thereafter. The Assembly amendments require the recommendations to contain additional information, including a discussion on possible incentives that could support the development of recharge projects and an estimate of the volume of recharge that could potentially be realized. The Assembly amendments delete the requirement that the

recommendations be implemented by the department and water boards upon an appropriation or further action by the Legislature, as well as the requirement that a portion of the hearings described above be conducted in regions of the state that have been impacted the most by drought.

S.B. No. 722—Ochoa Bogh.

An act relating to daycare facilities.

Legislative Counsel's Digest of Assembly Amendments

SB 722, as it passed the Senate, required the State Department of Social Services, on or before January 1, 2025, to create a template form for plans of operations and incidental medical services plans. SB 722, as it passed the Senate, prohibited a child care provider who completes and submits all sections of the incidental medical services plan template described above from being subject to professional review, liable in civil action, or subject to criminal prosecution for the administration of medication, unless that administration constitutes gross negligence or willful or malicious conduct.

The Assembly amendments delete the provisions related to professional review, civil liability, or criminal prosecution described above and authorize a licensed child daycare facility that submits to the department a completed incidental medical services plan using the template form described above to enroll a child prior to departmental approval of the plan.
