GOVERNOR'S VETOES

3

S.B. No. 275—Grove.

An act relating to oil and gas.

Vote required: 27

To the Members of the California State Senate:

I am returning Senate Bill 275 without my signature.

This bill would require appointment of the State Oil and Gas Supervisor to be subject to Senate confirmation. I share the Legislature's desire for appointments to be made effectively and transparently, especially when considering California's ambitious and time-sensitive clean energy and carbon neutrality goals.

However, an appointee to this position already undergoes an extensive and exhaustive identification, evaluation, and selection process, a process that ensures the appointee is experienced and fully capable of carrying out our shared policy objectives of protecting public health, safety, and the environment. Additionally, this position falls under the direction and oversight of the Director of Conservation, a gubernatorial appointee that is subject to Senate confirmation.

For these reasons, I am returning this bill without my signature.

Sincerely,

Gavin Newsom

GOVERNOR'S VETOES—Continued

4

S.B. No. 493—Min et al.

An act relating to air pollution.

Vote required: 27

To the Members of the California State Senate:

I am returning Senate Bill 493 without my signature.

This bill would expand the scope of several assessments and strategies developed by the California Energy Commission (CEC) and California Air Resources Board (CARB) related to zero-emission vehicle (ZEV) infrastructure.

However, this bill results in costs to the CEC's primary operating fund, which is currently facing an ongoing structural deficit, and thus exacerbates the fund's structural imbalance.

Additionally, many provisions of this bill are currently being incorporated into relevant ZEV infrastructure planning processes at the California Public Utilities Commission (CPUC), in consultation with both the CEC and CARB. At best, this bill's provisions may duplicate these efforts and, at worst, may complicate this work and lead to misaligned interagency work streams.

We must ensure that the CPUC, CEC and CARB utilize their core competencies and focus their expertise and existing resources on improving ZEV infrastructure planning processes. This bill falls short of accomplishing this goal.

For these reasons, I cannot sign this bill.

Sincerely,

Gavin Newsom

SENATE DAILY FILE
GOVERNOR'S VETOES—Continued

5

S.B. No. 686—Durazo et al.

An act relating to domestic workers.

Vote required: 27

To the Members of the California State Senate:

I am returning Senate Bill 686 without my signature.

This bill, among other provisions, would require all household domestic service employers to comply with and adhere to all applicable occupational safety and health regulations by January 1, 2025, and remove the exemption of domestic workers from safety and health laws, with the exception of services that are publicly funded.

While I commend the author for the commitment to the wellbeing of workers in our state and share the spirit behind the legislation, new laws in this area must recognize that private households and families cannot be regulated in the exact same manner as traditional businesses.

SB 686 as written would make private household employers immediately subject to the full set of existing workplace safety and health regulations governing businesses in the state, starting January 1, 2025. These obligations range from the requirement to establish an effective Injury and Illness Prevention Program to providing an eyewash station if household workers use chemicals like bleach, to implementing a Hazard Communication Program. Additionally, the current penalty scheme was meant for businesses and not private individuals. For a domestic employer covered by SB 686, these penalties could be up to \$15,000 per violation depending on the circumstances.

That said, my Administration is committed to the wellbeing of domestic workers. I just signed a budget that includes \$35 million in funding for grants to community-based organizations for domestic worker education and outreach. And two years ago, I signed SB 321, which established an advisory committee to make recommendations on how to protect the health and safety of domestic service employees. The committee discussed the importance of allowing employers the opportunity to learn about their obligations and correct any violations voluntarily before formal enforcement occurs. Unfortunately, SB 686 does not identify which specific standards domestic employers would be required to follow, nor does it outline an industry-specific system for investigation or enforcement as discussed and recommended by the Advisory Committee.

(CONTINUED ON THE FOLLOWING PAGE)

GOVERNOR'S VETOES—Continued

The households that employ domestic workers include middle- and low-income families and older Californians who require daily assistance, ranging from personal care to home cleaning to childcare. I am particularly concerned given that approximately 44% of the households that employ domestic workers are low-income themselves, that this bill creates severe cost burdens and penalties for many people who cannot afford them.

For these reasons, I cannot sign this bill.

Sincerely,

Gavin Newsom

SENATE DAILY FILE
GOVERNOR'S VETOES—Continued

6

S.B. No. 799—Portantino et al.

An act relating to unemployment compensation, and making an appropriation therefor.

Vote required: 27

To the Members of the California State Senate:

I am returning Senate Bill 799 without my signature.

This bill allows individuals who left work due to a trade dispute to become eligible for Unemployment Insurance (UI) benefits. The bill also codifies case law that employees who left work due to a lockout by their employer, even if it was in anticipation of a trade dispute, are eligible for UI benefits.

California employers fund UI benefits through contributions to the state's UI Trust Fund on behalf of each employee. The UI financing structure has not been updated since 1984, which has made the UI Trust Fund vulnerable to insolvency. Any expansion of eligibility for UI benefits could increase California's outstanding federal UI debt projected to be nearly \$20 billion by the end of the year and could jeopardize California's Benefit Cost Ratio add-on waiver application, significantly increasing taxes on employers. Furthermore, the state is responsible for the interest payments on the federal UI loan and to date has paid \$362.7 million in interest with another \$302 million due this month. Now is not the time to increase costs or incur this sizable debt.

I have deep appreciation and respect for workers who fight for their rights and come together in collective action. I look forward to building on the progress we have made over the past five years to improve conditions for all workers in California.

For these reasons, I cannot sign this bill.

Sincerely,

Gavin Newsom

GOVERNOR'S VETOES—Continued

7

S.B. No. 17—Caballero et al.

An act relating to housing.

Vote required: 27

To the Members of the California State Senate:

I am returning Senate Bill 17 without my signature.

This bill would require the California Tax Credit Allocation Committee (TCAC) within the State Treasurer's Office to revise the regulations for the low-income housing tax credit (LIHTC) to increase the housing-type goal for senior developments from 15 percent to 20 percent.

While I appreciate the author's commitment to increase the supply of affordable housing for seniors, statutorily mandating this change may adversely impact access to affordable housing for other population groups.

TCAC already has the authority to revise its regulations, which can be done in conjunction with a robust stakeholder process to inform any adjustments. This bill would bypass that process.

For this reason, I cannot sign this bill.

Sincerely,

Gavin Newsom

SENATE DAILY FILE
GOVERNOR'S VETOES—Continued

8

S.B. No. 18—McGuire et al.

An act relating to housing.

Vote required: 27

To Members of the California State Senate:

I am returning the following bills without my signature:

Senate Bill 18

Assembly Bill 371

SB 18 would create the Tribal Housing Grant Program Trust Fund to provide grant funds to tribal entities, and AB 371 would change the current waiver process utilized to assist tribal entities in applying for various housing financing programs administered by the Department.

I want to thank the authors and their supporters for their commitment to providing more safe and affordable housing for California's tribal residents. These legislative efforts are well-intentioned, and I share the desire to further remove barriers and increase tribal access to housing and homelessness programs.

I signed legislation in 2019 to make tribes eligible for most State housing programs, and I remain committed to doing more. My Administration has provided tribal set asides in a variety of new programs we created, including: \$30 million in the Behavioral Health Infrastructure Bond Act of 2023; \$29 million through the first round of the Multifamily Super Notice of Funding Availability, which combines funding for four affordable housing funding programs; \$20 million recently awarded through the Homeless, Housing Assistance and Prevention program (HHAP); and a forthcoming Homekey Tribal Entity Notice of Funding Availability of approximately \$75 million, to name a few.

But system overhauls such as those included in these two bills need to be made through the budget process where a dedicated grant program to address tribal housing needs - using either new general fund and/or reappropriation of existing tribal set-asides - can be established, along with appropriate program rules to streamline application processes, with more flexible uses to better meet the unique housing needs of tribal governments.

Gavin Newsom

This bill requires a charter city with a population of at least 2.5 million people to establish an independent redistricting commission, if one is not already required by the city's charter.

S.B. No. 58—Wiener et al.

An act relating to controlled substances.

Vote required: 27

To the Members of the California State Senate:

I am returning Senate Bill 58 without my signature.

This bill would, beginning on January 1, 2025, decriminalize the possession, preparation, obtaining, or transportation of specified quantities of mescaline, dimethyltryptamine (DMT), psilocybin, and psilocyn, for personal use by persons 21 years of age or older. This bill would also decriminalize the therapeutic use of the substances following the Legislature's adoption of a framework governing therapeutic use.

Both peer-reviewed science and powerful personal anecdotes lead me to support new opportunities to address mental health through psychedelic medicines like those addressed in this bill. Psychedelics have proven to relieve people suffering from certain conditions such as depression, PTSD, traumatic brain injury, and other addictive personality traits. This is an exciting frontier and California will be on the front-end of leading it.

California should immediately begin work to set up regulated treatment guidelines - replete with dosing information, therapeutic guidelines, rules to prevent against exploitation during guided treatments, and medical clearance of no underlying psychoses. Unfortunately, this bill would decriminalize possession prior to these guidelines going into place, and I cannot sign it.

I urge the legislature to send me legislation next year that includes therapeutic guidelines. I am, additionally, committed to working with the legislature and sponsors of this bill to craft legislation that would authorize permissible uses and consider a framework for potential broader decriminalization in the future, once the impacts, dosing, best practice, and safety guardrails are thoroughly contemplated and put in place.

Sincerely,

Gavin Newsom

S.B. No. 90—Wiener et al.

An act relating to health care coverage.

Vote required: 27

To the Members of the California State Senate:

I am returning Senate Bill 90 without my signature.

This bill would prohibit health plans from imposing a copayment of more than \$35 for a 30-day supply of an insulin prescription drug.

Bringing down the costs of prescription drugs, and particularly insulin, has long been a priority of mine. People should not be forced to go into debt to get lifesaving medicines. In March, I announced the state's partnership with Civica to create our own line of CalRx biosimilar insulins that will cost no more than \$30 per 10mL vial or \$55 for five 3mL cartridges. This is a fraction of the current price for most insulins, and CalRx biosimilar insulins will be available to insured and uninsured patients nationwide. With CalRx, we are getting at the underlying cost, which is the true sustainable solution to high-cost pharmaceuticals. With copay caps however, the long-term costs are still passed down to consumers through higher premiums from health plans. As a state, we have led the nation in our efforts and investments to address the true underlying costs of insulin prescription affordability.

For these reasons, I cannot sign this bill.

An act relating to health care coverage.

Vote required: 27

To the Members of the California State Senate:

I am returning Senate Bill 257 without my signature.

This bill would require health plans to provide coverage without cost-sharing for screening mammography, medically necessary diagnostic or supplemental breast examinations, diagnostic mammography, testing for screening or diagnostic purposes, and medically necessary diagnostic breast imaging.

I appreciate the author's efforts to improve access to preventive health care services, particularly breast cancer. Breast cancer screenings save lives, which is why health plans already must provide coverage for primary screening mammograms, without cost sharing for women aged 40 to 74. However, this bill exceeds the cost sharing provisions under the Affordable Care Act. As such, this policy would result in unknown costs to health plans passed on to consumers through premiums. The State must weigh the potential benefits of all new mandates with the comprehensive costs to the entire delivery system.

For these reasons, I cannot sign this bill.

An act relating to powered wheelchairs.

Vote required: 27

To the Members of the California State Senate:

I am returning Senate Bill 271 without my signature.

This bill would outline right to repair requirements for businesses that repair complex rehabilitation technology (CRT) powered wheelchairs and would prohibit the Department of Health Care Services (DHCS) from requiring prior authorization for the repair of a CRT powered wheelchair if the cost of the repair does not exceed \$1,250.

While I appreciate the author's efforts to increase accessibility and affordability for CRT wheelchair users, prior authorization is a key safeguard for cost containment and prevention of abuse in the Medi-Cal program. Further, setting a monetary threshold for prior authorization in statute creates an additional barrier, should the amount need adjustment in the future.

While I am unable to sign this bill, I am directing DHCS to review the current treatment authorization request policies for complex rehabilitative technology powered wheelchairs and make any necessary adjustments administratively.

An act relating to greenhouse gases.

Vote required: 27

To the Members of the California State Senate:

I am returning Senate Bill 390 without my signature.

This bill makes certain actions related to voluntary carbon offsets subject to the False Advertising Law, including with respect to offsets that a person knows, or should have known, do not durably reduce greenhouse gases in an amount equal to the “atmospheric lifetime” of carbon dioxide emissions.

I support the author’s intent to bring greater transparency to the verification, issuance, and sale of voluntary carbon offsets, and to address the problem of so-called “junk offsets.” However, by imposing civil liability for even unintentional mistakes about offset quality, this bill could inadvertently capture well-intentioned sellers and verifiers of voluntary offsets, and risks creating significant turmoil in the market for carbon offsets, potentially even beyond California. I encourage the author to consider an alternative approach to ensuring voluntary carbon offset quality that avoids these unintended consequences.

For these reasons, I cannot sign this bill.

This bill would define “ancestry” for purposes of the Fair Employment and Housing Act, the Unruh Act, and the Education Code to include “caste” and other dimensions of ancestry.

In California, we believe everyone deserves to be treated with dignity and respect, no matter who they are, where they come from, who they love, or where they live. That is why California already prohibits discrimination based on sex, race, color, religion, ancestry, national origin, disability, gender identity, sexual orientation, and other characteristics, and state law specifies that these civil rights protections shall be liberally construed. Because discrimination based on caste is already prohibited under these existing categories, this bill is unnecessary.

S.B. No. 420—Becker et al.

An act relating to electricity.

Vote required: 27

To the Members of the California State Senate:

I am returning Senate Bill 420 without my signature.

This bill would revise the California Public Utilities Commission (CPUC) environmental permitting authority over specific types of electric transmission projects, which would largely reassign this responsibility to local agencies.

While I agree with the author's intent to accelerate the development of new and needed electric transmission projects to move electricity from clean energy resources to consumers, this bill compounds existing permitting complexity for these projects by devolving permitting authority of mid-sized electric transmission projects from a single state agency to local agencies.

Building out the electric transmission system is critical for delivering clean electricity to customers from our growing portfolio of zero-carbon resources. I welcome further partnership with the Legislature to develop targeted policies that would accelerate the development of this needed electric infrastructure. Last year and this year, I signed a number of bills that advance our electric infrastructure needs, helping us progress towards our decarbonization goals. We should build on these efforts thoughtfully. To that end, I'm directing my Administration to work through the infrastructure Strike Team established by Executive Order N-8-23 to do just this.

I look forward to advancing these efforts through the Strike Team to avoid any unintended consequences that will further complicate statewide electric transmission planning and delay permitting for these projects.

For these reasons I cannot sign this bill.

S.B. No. 433—Cortese.

An act relating to school and community college employees.

Vote required: 27

To the Members of the California State Senate:

I am returning Senate Bill 433 without my signature.

This bill requires an impartial third-party hearing officer to hear disciplinary appeals of permanent classified personnel at school or community college nonmerit districts. This bill also requires the district to pay for the third-party hearing officer, and for the third-party hearing officer to be jointly selected by the district and the classified employee from a list of arbitrators, unless the parties agree otherwise.

Under the status quo for certificated employees, the district absorbs the full cost of appeals hearings if the employee prevails. If it is determined that the certificated employee should be dismissed or suspended, the cost is shared equally with the State and the district. This bill for classified employees requires districts to bear the full costs of a disciplinary hearing before an arbitrator, no matter the outcome. This could increase the number of appeals and would create significant costs for the State and must be considered in the annual budget in the context of all state funding priorities.

In partnership with the Legislature, we enacted a budget that closed a shortfall of more than \$30 billion through balanced solutions that avoided deep program cuts and protected education, health care, climate, public safety, and social service programs that are relied on by millions of Californians. This year, however, the Legislature sent me bills outside of this budget process that, if all enacted, would add nearly \$19 billion of unaccounted costs in the budget, of which \$11 billion would be ongoing.

With our state facing continuing economic risk and revenue uncertainty, it is important to remain disciplined when considering bills with significant fiscal implications, such as this measure.

The California Interscholastic Federation (CIF) has already begun taking steps to hold state football championship games for all divisions at comparable neutral locations as called for in this bill. S.B. No. 619—Padilla et al.

An act relating to electricity.

Vote required: 27

To the Members of the California State Senate:

I am returning Senate Bill 619 without my signature.

This bill would allow an electric investor-owned utility (IOU) that applies to the California Public Utilities Commission (CPUC) for a certificate or a permit authorizing the new construction of any electrical transmission project to separately apply to the California Energy Commission (CEC) for environmental review under the California Environmental Quality Act (CEQA).

Building out the electric transmission system is critical for delivering clean electricity to customers from our growing portfolio of zero-carbon resources. While I share the author's goal to improve electric transmission permitting to expedite needed project development, decentralizing permitting between two agencies creates new coordination challenges, requires duplicative staffing, disrupts the sequencing of permitting workstreams and impedes the ability of either agency to consider the full scope of an electric transmission project. Ensuring that a single agency can account for and mitigate both significant costs to electric ratepayers and environmental impacts can lead to better results for Californians.

I welcome further partnership with the Legislature to develop targeted policies that would accelerate the development of needed electric infrastructure. Last year and this year, I signed a number of bills that advance our electric infrastructure needs, helping us progress towards our decarbonization goals. S.B. No. 635—Menjivar et al.

An act relating to health care coverage.

Vote required: 27

To the Members of the California State Senate:

I am returning Senate Bill 635 without my signature.

This bill would require health plans to cover medically necessary hearing aids for individuals under 21 years of age, up to \$3,000 per individual hearing aid without any cost sharing, beginning January 1, 2025.

I am committed to ensuring that hearing impaired children have access to the services and supports they need, including hearing aids. Today, children can receive hearing aids and related services through the California Children's Services (CCS) program or through Medi-Cal. In July 2021 we launched the Hearing Aid Coverage for Children Program (HACCP) within the Department of Health Care Services (DHCS) for those who do not qualify for hearing aids through CCS or Medi-Cal.

HACCP was created to improve access and coverage for children's hearing aids, a shared goal of this proposed bill. Unlike HACCP, however, SB 635 would exceed the state's set of essential health benefits, which are established by the state's benchmark plan under the provisions of the federal Affordable Care Act (ACA). As such, this bill's mandate would require the state to defray the costs of coverage in Covered California. This would not only increase ongoing state General Fund costs, but it would set a new precedent by adding requirements that exceed the benchmark plan. A pattern of new coverage mandate bills like this could open the state to millions to billions of dollars in new costs to cover services relating to other health conditions. This creates uncertainty for our healthcare system's affordability, particularly when we have developed an alternative program that can serve the target population.

That said, improving access to hearing aids for children is a priority for my Administration. We can, and we must, do better for these children and their families as we implement HACCP. To this end, I am directing my Administration to explore increases to Medi-Cal provider payments with the goal of incentivizing additional provider participation in HACCP, increasing access for youth in need of hearing aids.

In addition, DHCS has developed a comprehensive plan to increase provider participation and program enrollment. These improvements will enable HACCP to reach and serve more children, which is our shared goal.

(CONTINUED ON THE FOLLOWING PAGE)

GOVERNOR'S VETOES—Continued

Specifically, in the next six months, DHCS will take a variety of steps to help patients maximize benefits, including: (1) partnering with other state entities to promote participation and awareness of HACCP, (2) completing translations for HACCP related materials into 18 languages, (3) implementing a streamlined annual eligibility renewal process to simplify provider enrollment, (4) conducting outreach to Medi-Cal providers not yet participating in HACCP to support their participation, (5) hosting quarterly webinars with providers and stakeholders, and (6) continuing to identify potential service improvements and strategies to increase program success.

Given the structural concerns this bill presents to our healthcare system and the opportunity to improve the existing HACCP to accomplish the same objectives, I cannot sign this bill.

This bill would require the California Interagency Council on Homelessness (Council) to coordinate with the Department of Aging, Continuums of Care, and Area Agencies on Aging to convene a working group to develop best practices and training for those assisting older adults to prevent and overcome homelessness.

While I agree with the underlying intent of the bill, some of its provisions are duplicative of the Council's current efforts with member Departments, including the Department of Aging, to establish best practices and provide support for this population. These efforts include the State's recent partnership with the federal government through the ALL INside Initiative, which includes a specific focus on supporting older adults. In addition, the State has also produced the Master Plan for Aging, a comprehensive 10-year blueprint that outlines how the State will address housing solutions for older adults by 2030, including efforts for enriching services and housing for older Californians. I look forward to working with the author to build on these efforts thoughtfully, but at this time, legislation is not necessary.

S.B. No. 694—Eggman.

An act relating to Medi-Cal.

Vote required: 27

To the Members of the California State Senate:

I am returning Senate Bill 694 without my signature.

This bill would require self-measured blood pressure devices and related services to be covered benefits within the Medi-Cal program.

While I appreciate the author's goal to support Medi-Cal beneficiaries with hypertension and related conditions, new Medi-Cal benefits must be considered as part of the annual budget process. In 2022, the Department of Health Care Services (DHCS) added coverage for self-measured blood pressure devices into the Medi-Cal pharmacy benefit. However, the addition of patient education, data collection, and required communication about treatment plans is an expansion of covered services. DHCS estimates additional annual costs to the Medi-Cal program in the millions of dollars from the General Fund to implement this bill. These costs must be considered alongside other budgetary priorities.

In partnership with the Legislature, we enacted a budget that closed a shortfall of more than \$30 billion through balanced solutions that avoided deep program cuts and protected education, health care, climate, public safety, and social service programs that are relied on by millions of Californians. This bill would require counties to consider an expanded definition of income for purposes of calculating total monthly household income for CalWORKs Permanent Homeless Assistance (HA) Program eligibility. The California Department of Social Services (CDSS) would be required to collect statewide data regarding HA and convene a statewide stakeholder advisory group.

I appreciate the author's intent to get more people at risk of homelessness into permanent housing. My Administration has made significant investments to combat homelessness and provide housing supports. However, this bill would result in an ongoing annual fiscal impact to the state of more than a million dollars a year. These costs must be considered alongside other budgetary priorities as part of the annual budget process.

S.B. No. 842—Bradford.

An act relating to energy.

Vote required: 27

To the Members of the California State Senate

I am returning Senate Bill 842 without my signature.

This bill amends provisions of SB X1-2 (Skinner), enacted during the 2022–2023 Special Session on high gasoline prices, related to the California Energy Commission's (CEC) development of regulations governing oil and gasoline refinery turnaround and maintenance. This bill would require the CEC to consult with the Department of Industrial Relations in addition to other entities already required by SB X1-2, and to consider the existing statutory process safety management standards when evaluating ways to manage refinery maintenance.

I support the bill's intent to avoid any adverse impacts to the safety of employees and surrounding communities in the development of regulations. This is why SB X1-2 already provides several safeguards to that effect, including a requirement to consult with the State Labor and Workforce Development Agency and labor and industry stakeholders. It would be imprudent to sign this bill so soon after the effective date of SB X1-2 and before the CEC has fully contemplated implementation of the refinery maintenance portions of that law.

This has become more relevant than ever with the recent and somewhat sudden price increases of gasoline observed and shared publicly by our new Division of Petroleum Market Oversight created with the new authorities provided by SB X1-2. This bill could create a barrier to the CEC's ability to protect consumers from unnecessary gasoline price spikes caused by interruptions in petroleum supply.

To the Members of the California State Senate:

I am returning Senate Bill 373 without my signature.

This bill would prohibit the Board of Behavioral Sciences, the Board of Psychology, and the Veterinary Medical Board from disclosing on the internet the public address of record of a licensee or registrant.

I appreciate the author's goal to provide additional safety to these providers; however, this bill would serve as an impediment for patients seeking access to their medical records, as a patient would need their provider's address to make a request. Absent access to addresses on board websites or other publicly accessible sources, patients may need to submit a public records act request to obtain the address needed to request access to their medical records. This could result in a significant delay for patients seeking to obtain their medical records.

There are already protections in existing law for providers that work from their homes and seek to maintain their privacy, including the use of a post office box that avoids the need to disclose their home address. The safety of healthcare providers is paramount, but I cannot support a measure that would restrict patient access when effective alternatives exist to protect the safety and privacy of providers.

This bill would create a rebuttable presumption of industrial causation for skin cancer under the workers' compensation system to specified peace officers of the Department of Fish and Wildlife and Department of Parks and Recreation.

A presumption is not required for an occupational disease to be compensable. I vetoed AB 334 in 2021 which was nearly identical to this bill. As stated in my previous veto message, such presumptions should be provided sparingly and should be based on the unique hazards or proven difficulty of establishing a direct relationship between a disease or injury and the employee's work. This bill would require the Franchise Tax Board (FTB) to provide a free tax return preparation program to individuals eligible for the California Earned Income Tax Credit, the Young Child Tax Credit, and the Foster Youth Tax Credit. This bill also requires the California Department of Social Services and the Department of Health Care Services to exchange data with the FTB for purposes of administering this free tax return preparation program.

While I am supportive of the author's goal of reducing barriers to tax filing and ensuring eligible families receive credits, this bill would result in ongoing General Fund costs in the millions of dollars to implement.

In partnership with the Legislature, we enacted a budget that closed a shortfall of more than \$30 billion through balanced solutions that avoided deep program cuts and protected education, health care, climate, public safety, and social service programs that are relied on by millions of Californians. This year, however, the Legislature sent me bills outside of this budget process that, if all enacted, would add nearly \$19 billion of unaccounted costs in the budget, of which \$11 billion would be ongoing.

With our state facing continuing economic risk and revenue uncertainty, it is important to remain disciplined when considering bills with significant fiscal implications, such as this measure.

For these reasons, I cannot sign this bill.

Sincerely,

Gavin Newsom

S.B. No. 641—Roth et al.

An act relating to public health.

Vote required: 27

To the Members of the California State Senate:

I am returning Senate Bill 641 without my signature.

This bill would require the State Department of Health Care Services (DHCS) to make all U.S. Food and Drug Administration (FDA) approved formulations and dosage strengths of naloxone, or any other opioid antagonist, available through the Naloxone Distribution Project (NDP).

The NDP was created to combat the opioid crisis by providing free naloxone in a dosage strength that is safest for public use. Since October 2018, the NDP has provided more than 2.5 million free naloxone kits to first responders, community and harm reduction organizations, schools, public health agencies, and others.

Though well intentioned, this bill could lead to the distribution of formulations and dosage strengths which may not be suited for the general public and may be more costly than other equally effective formulations. If it is determined that there is a need to add new formulations or dosages to the NDP in the future, that can be accomplished administratively.

For these reasons, I cannot sign this bill.

Gavin Newsom

An act relating to energy.

Vote required: 27

To the Members of the California State Senate:

I am returning Senate Bill 664 without my signature.

This bill would require the California Energy Commission (CEC) and the California Public Utilities Commission (CPUC) to include in their quarterly Joint Reliability Planning Assessment (JRPA) status updates on transmission projects, energy infrastructure projects, and the use of fossil fuels as part of the Strategic Reliability Reserve, and to post this information online.

While I support the author's attempt to daylight the development and use of specific energy infrastructure, this bill is redundant of existing efforts and duplicates requirements in other bills that I recently signed. To achieve our clean energy and climate goals, we must ensure that the relevant agencies' planning and reporting efforts are coordinated and aligned. Unfortunately, this bill does not achieve that objective.

For these reasons, I cannot sign this bill.

An act relating to solid waste.

Vote required: 27

To the Members of the California State Senate:

This bill would require the California Environmental Protection Agency to establish a working group of state entities to develop a policy framework by July 1, 2026, for evaluating plastic alternatives in order to inform policy decisions designed to create a more sustainable and circular economy.

I thank the author for the commitment to reduce plastic pollution and support California's transition to a circular economy. However, the creation of a new working group is unnecessary and duplicative of existing efforts within my Administration.

Last year, I signed the Plastic Pollution Prevention and Packaging Producer Responsibility Act (SB 54, Chapter 75, Statutes of 2022), which established a comprehensive regulatory framework and aggressive goals to reduce single-use plastic in this state. To implement this framework and meet its statutory requirements, the Department of Resources Recycling and Recovery is in the process of conducting needs assessments, source reduction studies, end market studies, industry surveys, and waste characterization studies. This work, coupled with other Administration efforts, will provide insight for the same policy objectives this bill seeks to achieve.

For these reasons, I cannot sign this bill.

To the Members of the California State Senate:

This bill prohibits franchise agreements for solid waste handling services entered into or substantially amended by a city or county on or after January 1, 2024, from containing a “force majeure” provision that excuses the service provider from complying with the agreement in the event of a work stoppage associated with a labor dispute.

While I appreciate the author’s intent to prevent disruptions in local waste hauling services, I do not believe a change to state law is necessary. Local jurisdictions voluntarily enter into franchise agreements and currently have the ability to negotiate amendments to such contracts without legislation.

For this reason, I cannot sign this bill.

To the Members of the California State Senate:

This bill authorizes grocery stores and retail chains subject to the statewide single-use plastic bag ban to provide customers with opportunities to return reusable grocery bags for recycling. It also requires large stores to submit annual reports to the California Department of Resources Recycling and Recovery (CalRecycle) to track the revenue stores receive from the 10-cent bag fee, and make those reports available to an authorized representative with a collective bargaining agreement.

I thank the author for the commitment to ensure continued success of California's single-use plastic bag ban, and I support providing consumers with more convenient options to recycle carryout bags. However, I am concerned that the data collection and reporting provisions in this bill will impose an undue burden on stores, large and small across the state, without a clear public benefit or improvement to implementation of the bag ban.

For these reasons, I cannot sign this bill.

S.B. No. 822—Durazo et al.

An act relating to employment.

Vote required: 27

To the Members of the California State Senate:

I am returning Senate Bill 822 without my signature.

This bill creates the Interagency High Road Act and requires the Department of Industrial Relations (DIR) and the California Workforce Development Board (CWDB) to consult with stakeholders, including public input, on the development and evaluation of high road metrics. It also requires certain state agencies to enter into a memorandum of understanding (MOU) with the CWDB to incorporate high road evaluation metrics in the state agency's procurement processes, contracts, and incentive programs.

I strongly support efforts to maximize state and federal funding opportunities while delivering high quality jobs that increase opportunity for all communities and decrease disparities in historically disadvantaged areas. To further this work, I issued an Executive Order to accelerate clean infrastructure projects with an all-of-government strategy for planning and development and tracking progress toward equity goals that support disadvantaged communities - including good jobs. California's Infrastructure Strike Team is also driving collaboration across state agencies - including in the area of workforce training and development. Additionally, the Department of General Services and the Governor's Office of Business and Economic Development are supporting implementation of AB 2019 (2022), to advance equitable inclusion and utilization of small and diverse businesses in California's state procurement and contracting opportunities.

Additionally, I have signed several bills that ensure public contracting dollars are also investing in human infrastructure, including SB 150 that requires the Labor and Workforce Development Agency, Government Operations Agency, and the State Transportation Agency to convene relevant stakeholders and draft recommendations to ensure that investments maximize benefits to marginalized and disadvantaged communities. The recommendations are due by March 30, 2024.

It is advisable to allow time for those policies to be implemented before adding more requirements that may duplicate efforts.

For these reasons, I cannot sign this bill.

S.B. No. 81—Skinner et al.

An act relating to parole.

Vote required: 27

To the Members of the California State Senate:

I am returning Senate Bill 81 without my signature.

This bill would establish that a parole candidate who has been denied parole by the Board of Parole Hearings (Board) after reaching their minimum parole-eligible date, youth parole-eligible date, or elderly parole-eligible date has made a prima facie case for habeas relief. This bill, additionally, would modify the judicial standard of review for a parole denial by the Board to require the parole denial to be overturned unless the court finds, by a preponderance of the evidence, that the person presents a current, unreasonable risk of danger to others. Finally, this bill would require the Board to notify parole candidates the Board finds unsuitable for parole of their right to petition for a writ of habeas corpus.

I am concerned that the bill introduces legal inconsistencies that will have unintended consequences and be detrimental to California's process for assessing suitability for discretionary release on parole.

The current process strikes a delicate balance and has significantly improved parole hearings in recent years, resulting in a one percent recidivism rate among parolees. The changes the bill prescribes will have unpredictable impacts and will result in decades of litigation and uncertainty for victims, families, and those going through the parole process.

For this reason, I cannot sign this bill.

S.B. No. 354—Ochoa Bogh.

An act relating to special education.

Vote required: 27

To the Members of the California State Senate:

I am returning Senate Bill 354 without my signature.

This bill requires the Commission on Teacher Credentialing (CTC) to revise its administrative services credential standards and performance expectations with a focus on inclusive learning environments. It also, subject to separate appropriations, requires the California Department of Education, in consultation with the CTC, to develop and disseminate guidance on the ways in which inclusive classrooms may be staffed, and develop and distribute a report on recommendations for statutory or regulatory changes necessary to eliminate barriers to the staffing of inclusive practices.

Serving students with disabilities in inclusive settings is an essential strategy for improving the academic achievement of these and all students, and one that my Administration, like the author, is committed to advancing. However, this bill is substantially similar to SB 1113 of 2022, which I vetoed, and several of the same concerns remain. In particular, portions of this bill are subject to an appropriation and should be considered as part of the annual budget process.

In partnership with the Legislature, we enacted a budget that closed a shortfall of more than \$30 billion through balanced solutions that avoided deep program cuts and protected education, health care, climate, public safety, and social service programs that are relied on by millions of Californians. An act relating to school facilities.

This bill would require the California Energy Commission, upon appropriation by the Legislature, to convene more than ten state agencies, departments and commissions, as well as numerous stakeholders, to develop a Master Plan for Healthy, Sustainable, and Climate-Resilient Schools. The Master Plan would be due on or before March 31, 2025, or 15 months after the appropriation is made for this purpose, whichever is later.

While I support the author's goal of making our schools more climate friendly and climate prepared, the development of this Master Plan will cost up to \$10 million that was not considered through the annual budget process. Additionally, the Master Plan would create significant long-term cost pressures that are not accounted for in the state budget plan.

In partnership with the Legislature, we enacted a budget that closed a shortfall of more than \$30 billion through balanced solutions that avoided deep program cuts and protected education, health care, climate, public safety, and social service programs that are relied on by millions of Californians. This bill codifies vehicle inspection requirements for transportation network companies (TNCs) and requires TNCs to compensate certain drivers for their time spent completing a vehicle inspection. The bill also specifically authorizes TNC vehicle inspections to be completed remotely or virtually.

While I appreciate the intent of the author to make it easier for drivers to comply with the existing vehicle inspection requirements, this bill may weaken these requirements, which are purposefully designed to protect public, driver and passenger safety.

Last year I vetoed legislation that would have authorized similar provisions. At that time, I encouraged the author of that bill to work with the CPUC to clearly identify and address any issues or safety improvements. I continue to believe that is the most appropriate approach for addressing these types of safety matters.

This bill would require the CalFresh program, within the California Department of Social Services (CDSS), and the California Department of Public Health (CDPH) to use separate data collection categories for specified Latino groups, Mesoamerican Indigenous nations, and Mesoamerican Indigenous language groups when collecting and reporting demographic data.

Providing more detailed health and demographic information for Latino groups and Mesoamerican Indigenous nations is important to inform our services and supports and to help identify disparities. To this end, my Administration is actively monitoring and reviewing the United States Office of Management and Budget's (OMB) update to federal standards for collection and reporting of race and ethnicity information, and looks forward to engaging stakeholders in this effort. California is required to submit data to the federal government using these federal standards, and programs that receive federal funding must also use these standards. As such, implementing a different framework for data collection in California prior to the release of updated federal standards is premature.

An act relating to water.

Vote required: 27

To the Members of the California State Senate:

I am returning Senate Bill 470 without my signature.

This bill would codify two grant programs within the Department of Water Resources established by the Budget Act of 2021: the Urban Water Community Drought Relief Program and the Small Community Drought Relief Program. It also authorizes these programs to fund benefits in addition to drought relief, including projects that reduce the risk of wildfire.

I thank the author for the commitment to support under-resourced communities most at risk of wildfire, and the intent of this bill is in line with work currently underway within my Administration. The California Governor's Office of Emergency Services (CalOES) recently launched the Prepare California Initiative, a grant program focused on building community resilience amongst vulnerable individuals living in high hazard risk communities.

However, the two programs this bill seeks to expand have exhausted all funding appropriated in the 2021 Budget and as such, it is unnecessary to formally establish the programs in statute.

S.B. No. 557—Limón.

An act relating to state government administration.

Vote required: 27

To the Members of the California State Senate:

I am returning Senate Bill 557 without my signature.

This bill would extend Prompt Payment Act requirements and penalties to all grants to nonprofit organizations and makes nonprofit organizations eligible for the higher penalty rate paid to small businesses, regardless of the size of the grant or contract.

Additionally, for disputed invoices regarding the quantity of goods or services delivered to or accepted by the state, this bill would provide that the dispute suspends the requirement to pay within 45 days only if the disputed portion exceeds five percent of the invoiced amount or \$250, whichever is less. This provision would cover all state contractors and grantees, not just nonprofit organizations.

I appreciate the role nonprofit organizations play in supporting our state's communities and economy, and I thank the author for the continued commitment to this critical sector. However, being able to suspend the 45-day requirement in a dispute over the quantity of goods or services provided is essential to the state's fiduciary responsibility and accountability as a distributor of public funds. Moreover, establishing a minimum discrepancy amount to suspend the 45-day requirement could pressure state employees to pay invoices with missing documentation to avoid having to report a late payment penalty.

My Administration remains committed to working with nonprofit organizations to support the sector's ability to deliver programs and support communities, while also balancing the need for accountability for state funds. I look forward to working with stakeholders on the implementation of related efforts, and I encourage the author and stakeholders to continue working with my administration on the overarching goals of this bill, while addressing accountability concerns.

My Administration spearheaded the creation of the DxF to accelerate and expand the exchange of health information to provide safe, effective, whole person care to Californians in real time. Given the ongoing efforts by CHHS and the Center for Data Insights and Innovation to stand up the DxF, this bill is premature. S.B. No. 596—Portantino.

An act relating to school employees.

Vote required: 27

To the Members of the California State Senate:

I am returning Senate Bill 596 without my signature.

This bill would make it a misdemeanor to cause substantial disorder at any meeting of the governing board of a school district, the governing body of a charter school, a county board of education, or the State Board of Education. This bill also specifies that a person who subjects a school employee to threats or harassment while the employee is away from a school site or after school hours for reasons related to the employee's course of duties would be guilty of a misdemeanor.

Credible threats of violence and acts of harassment - whether directed against school officials, elected officials, or members of the general public - can already be prosecuted as crimes. As such, creating a new crime is unnecessary.

The tenor of our country's political conversations is alarming, leading to caustic atmospheres at local school board meetings and politicization of our kids' education in an effort to score political points. Nevertheless, we need to be cautious about exacerbating tensions by implementing additional laws that can be perceived as stifling parents' voices in the decision-making process. We don't need more gas on this fire - we need more grace, more respectful conversations, and more protection of constitutional rights for all people, especially for those with whom we disagree.

No school official should be subject to threats or harassment for doing their job, period. I encourage school officials to work closely with local law enforcement to use the laws already on the books to ensure the safety and security of our community's educators and governing board members, both while carrying out their school duties on school premises and while away from school sites.

This bill would require certain chain employers to provide workers and their exclusive representative, if any, with a displacement notice at least 60 days before an expected date of closure. Additionally, it would require a chain employer to maintain a preferential transfer list of eligible laid-off employees and make job offers based on length of service for one year after the closure date and provide an opportunity to transfer to another chain location within 25 miles, as positions become available.

The new notice requirements, transfer rights, processes and criteria, and associated penalties established by this bill would impose significant burdens on employers. The arbitrary 25-mile radius for transfers does not take into account substantial regional differences among commute times. In addition, this bill applies to an overly broad list of establishments and creates vague processes and criteria, which will lead to implementation and enforcement challenges.

For these reasons, I cannot sign this bill.

This bill would require any food service contract or hotel development project undertaken by the California State University (CSU) Board of Trustees to be with an employer that is party to a labor peace agreement with a labor organization. This requirement extends to any food service and hotel development contract in which the CSU or the State of California has a proprietary interest and that is performed in accordance with a contract entered into or awarded by a CSU auxiliary organization.

California State University campuses have a long history of organizing. Faculty and staff have been organized for decades, and this year a labor organization submitted more than 8,500 digital cards signed by students to the Public Employment Relations Board to advance towards a union vote. Additionally, six campuses have auxiliary organizations that have been unionized. It is the understanding of my Administration that recent organizing on CSU campuses has been largely respectful. In light of this history, it is not clear that this legislation is needed to facilitate successful organizing on CSU campuses. This bill would require the Governor's Office to annually publish a report on its website containing aggregate demographic information of individuals appointed by the Governor.

I continue to be deeply committed to making appointments at every level of government that reflect California's diversity. My office makes an intentional, transparent effort to continuously engage with the Legislature, community partners, nonprofits, and other stakeholders to build a diverse and qualified pool of candidates for these positions. I am deeply proud of the diverse group of Californians who now serve our state in senior, appointed leadership positions.

While I understand the author's goal, the demographic information specified for reporting under this bill is optional and self-reported by candidates. This bill would enact the Excluded Employee Arbitration Act to provide state excluded employees the option to request binding arbitration as part of the grievance process.

Current law allows managers and supervisors to pursue resolution of disagreements through a four-step grievance process and challenge grievance decisions in court. This bill would add a costly step to this process by permitting excluded employees to arbitrate the Department of Human Resources' (CalHR) authorizing statutes, regulations, policies, and practices before non-governmental entities. This could lead to conflicts with the statutory authority delegated to CalHR. These are the same concerns I had with previous, nearly identical bills, AB 1714 (2022), SB 76 (2021), and SB 179 (2019), which I also vetoed.

This bill would require a successor grocery employer to provide an eligible grocery employee a dislocated worker allowance equal to one week of pay for each year of employment with the incumbent grocery employer, if the successor grocery employer does not hire or retain an eligible grocery worker as required in grocery worker retention laws.

While the goal of limiting the disruptions caused by grocery mergers and acquisitions amongst essential grocery store workers and local communities is laudable, existing law already provides protections for displaced workers, including WARN Act notice requirements, grocery worker retention requirements which require successor grocery employers to retain eligible grocery workers for 90-days during a store transitional period, and unemployment insurance benefits. While I support the author's goal to reduce our reliance on single-use plastic materials, I am concerned that an outright ban without any incentives for compliance will disproportionately impact the state's small business community, as digital gift cards may not be a feasible option for many businesses or consumers.

California has successfully implemented many programs to reduce our reliance on single-use plastic while incentivizing businesses to transition towards more sustainable products and materials. This bill would require employers, before requiring an employee who is working from home to return to in-person work, to provide 30 calendar days' advance written notice. The bill would also require the notice to include specified text informing employees of their right to request continuing to work remotely as a reasonable accommodation for a disability.

My administration supports reasonable advance notice by employers, where feasible, to employees of return to work requirements, in order to allow for employees to prepare for the change. My administration also strongly supports the existing legal requirement that employers must reasonably accommodate employees with disabilities, which includes the possibility that working from home could be a reasonable accommodation in appropriate circumstances, and encourages that information to be included in employer communications with employees about return to work.

However, SB 731 would impose an inflexible 30-day advance notice requirement to return-to-work that would not take into account the needs of any particular employer. Businesses, especially small businesses, may have limited employees to staff in-person positions and the 30-day advance notice requirement of return-to-work could be impractical, especially in times of critical need or emergencies.

For these reasons, I cannot sign this bill.

S.B. No. 847—Dahle.

An act relating to vehicles.

Vote required: 27

To the Members of the California State Senate:

I am returning Senate Bill 847 without my signature.

This bill would authorize the California Highway Patrol to adopt a regulation to certify motorcycle helmets that do not meet the safety requirements imposed by Federal Motor Vehicle Safety Standards in order to accommodate a driver's or passenger's religious beliefs.

Motorcycle helmets save lives. The National Highway Traffic Safety Administration (NHTSA) requires that all motorcycle helmets sold in the United States meet Federal Motor Vehicle Safety Standard (FMVSS) 218. This standard defines minimum levels of performance that helmets must meet to protect the head and brain in the event of a crash. According to NHTSA, helmets that do not meet FMVSS 218 create a higher risk for skull fracture and brain injury when compared to certified ones. Approval of a helmet model that does not comply with rigorous federal safety standards will undoubtedly impact public safety.

While I am sensitive to the protection of religious freedoms, I cannot support legislation that would have the unintended public safety consequences associated with this proposal.

For this reason, I cannot sign this bill.

Sincerely,

Gavin Newsom

S.B. No. 509—Portantino et al.

An act relating to pupil health.

Vote required: 27

To the Members of the California State Senate:

I am returning Senate Bill 509 without my signature.

This bill would require local educational agencies to certify to the California Department of Education by July 1, 2027, that 100 percent of its certificated staff and at least 40 percent of its classified staff who have direct contact with students in grades 7-12 have received youth behavioral health training as specified.

I share the author's goal of ensuring that school staff are equipped with the tools to recognize and offer appropriate support to students experiencing mental health challenges. However, I have concerns with some aspects of the bill as written, including the appropriate scope of the required, one-time training and the lack of an appropriate mechanism to fund the bill via the Gun Violence Prevention and School Safety Fund (AB 28, Chapter 231, Statutes of 2023).

To address these issues, and to ensure alignment with other state investments in this area, I am directing the Department of Finance to propose language for the Legislature's consideration as part of next January's state budget proposal.

For these reasons, I cannot sign this bill.

Sincerely,

Gavin Newsom
